The war was now along time  
gone with many of the  
youngest generation  
without a clue as to what it  
was other than a storyline  
for the latest blockbuster  
movie or was an excuse for  
some old fart to start  
telling you what it was like  
back in the day.

Emil's  
**HOBOTOURS 1957**

# HOBO TOURS 1957

And to be truthful is this  
story any different? Do I  
have a right to trade in on  
the millions who didn't  
come out on the other side  
of the tragic adventure?  
Is it a moral thing to do  
without even the passing  
thought of sharing this  
book's royalties with all  
those who have passed.

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

Can I with a straight face  
look you in the eyes and  
tell you that I almost  
killed Hitler when he  
jumped out of the ruins  
and in front of the Soviet  
Staff Car that Seine had  
kind of borrowed from  
Commissar Steiner on that  
late autumn day in 1945?

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

Even if I dared to be so bold to disclose that we were motoring about Berlin in a stolen Soviet Staff Car in 1945 or that we had borrowed it to run a trunk full of American Whiskey over to the command bunker of a Soviet General who thought that 15% of the action was too little...

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

Would I dare do such a stupid thing as this is 1957 and even those poor rubes that had gone off to fight in Spain against the Fascists where now being hunted down, imprisoned and run out of proper society due to the fact that their Abraham Lincoln Brigade had been

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

bankrolled by dear old  
Uncle Joe, himself.

Campers!

This is 1957 and all Americans seem to believe that everyone with the slightest accent was some deep (under-the-cover) secret agent or what they called "fellow travelers" if they thought the person

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

was too stupid to be a double-odd spy with an actual license to kill.

So much had changed in that American Spies were for the most part ex-Nazi thugs who had collected enough dirt during the war years on connected people in the Soviet Union that made them useful to

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

the ever growing Industrial Military Complex's vast arms companies that were actually making a ton more bucks (USD) here in peace time being the world's great military super store – with over 100 million rifles sold. Need I bother to say more about

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

America's number one  
growth industry?

What does that have to do  
with me and whether or nor  
I damn near took out  
Hitler in a high-speed hit-  
n-run out in the ruined  
streets of Berlin in 1945.  
In modern terms...not a  
“hell-of-a-lot!”

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

But, it one-hell-of-a-way  
to start this story and hook  
you in on what the  
Columbia School of  
Journalism "The Home  
Study Course" (from which  
I am a proud grad of...  
"Go Columbia!") taught me  
to use a teaser on the front  
promo side of my publication  
to draw in casual rubes and

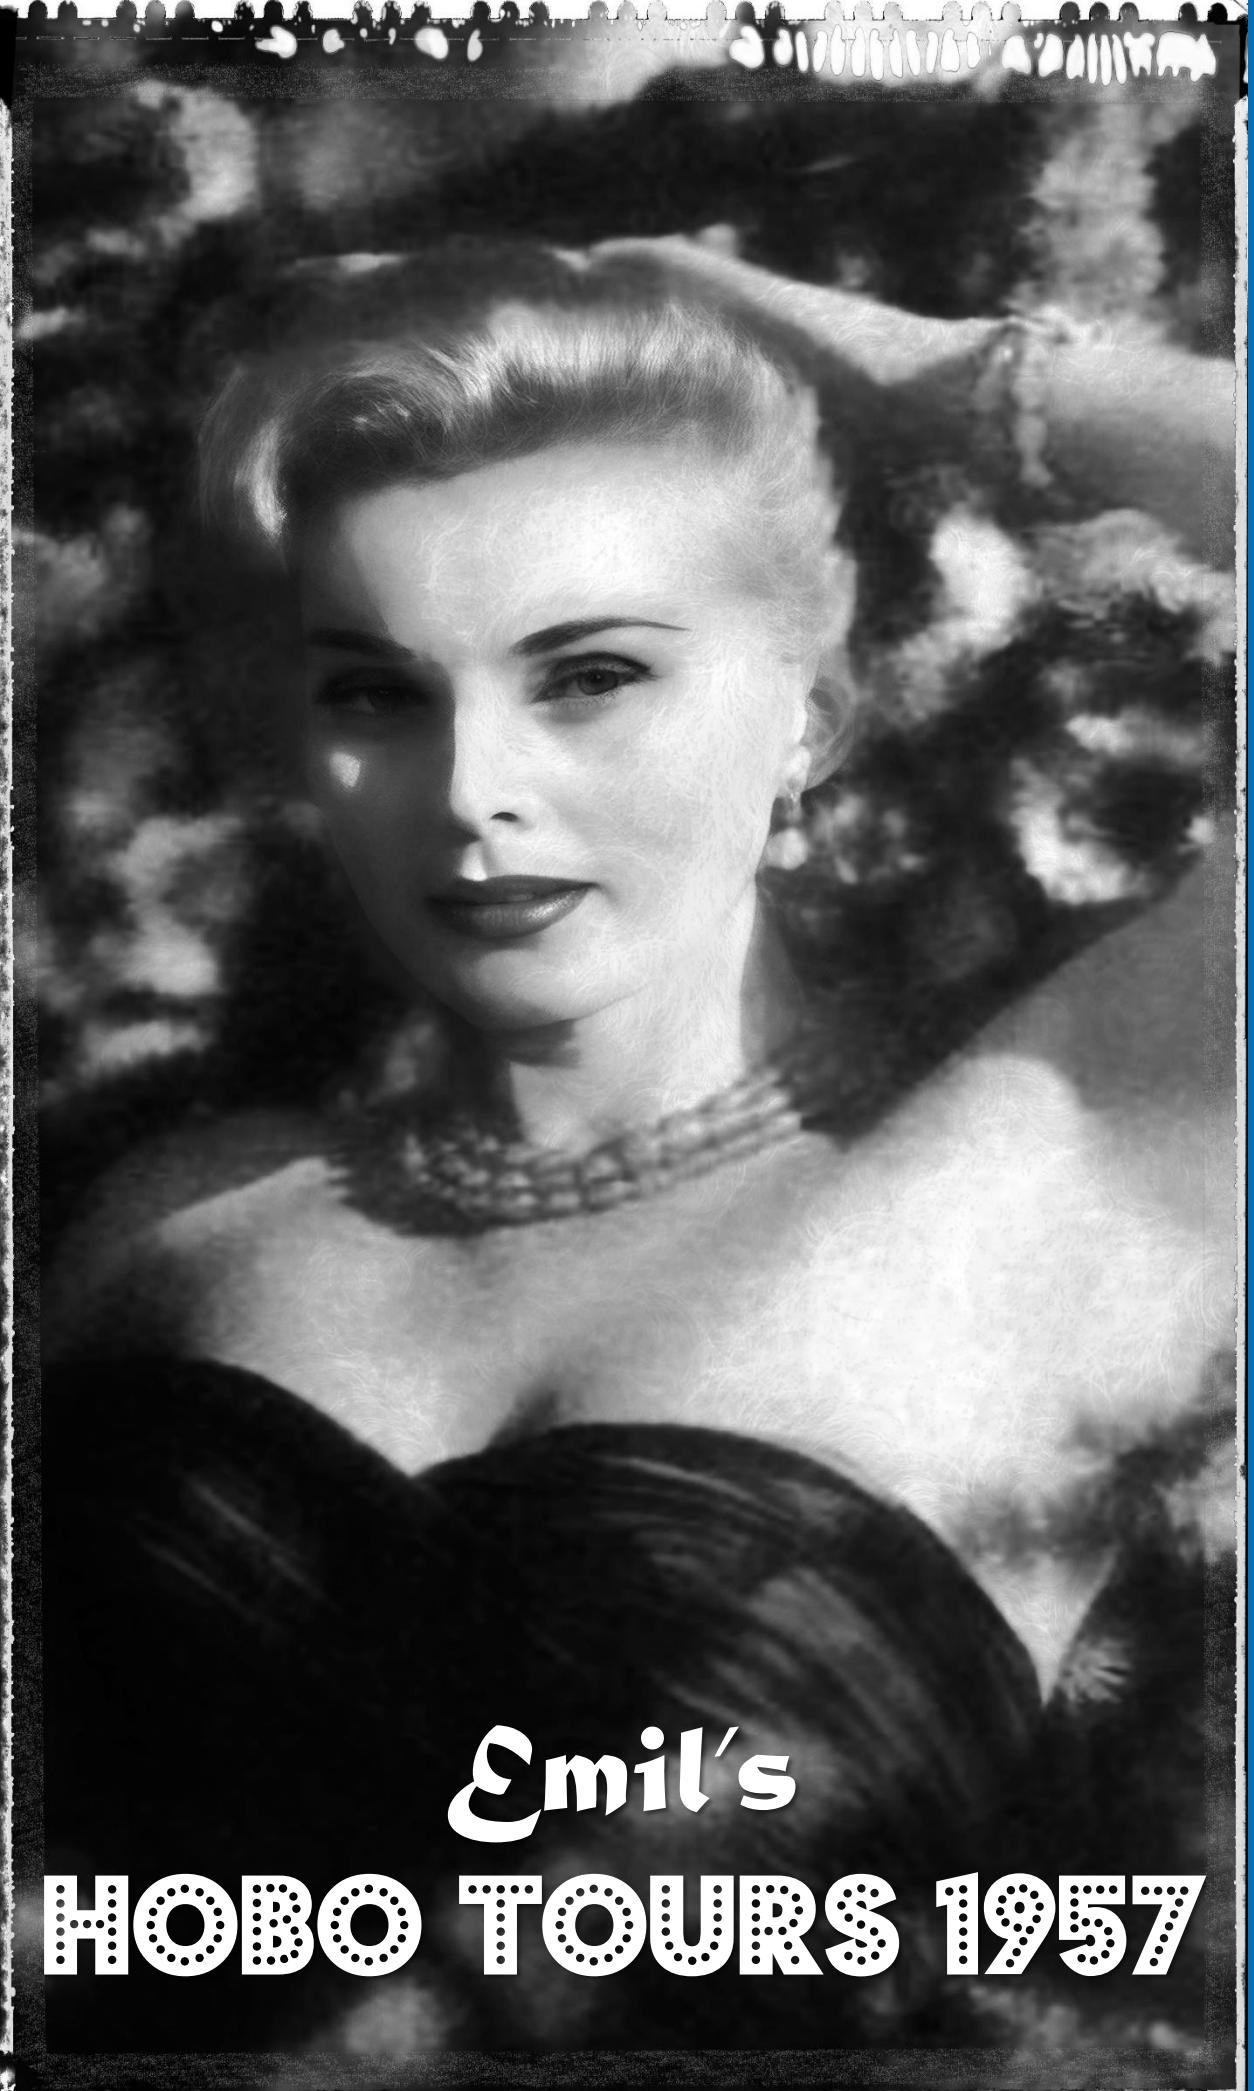

Emil's

customers like a retail,  
store front window display  
does.

As you are reading this; it  
seems to have worked and  
why wouldn't it?

Who wouldn't pick up a  
book that starts with the  
“Day that I almost killed  
Hitler!”

Emil's  
**HOBOTOURS 1957**

# HOBO TOURS 1957

See...smart...that is  
why they are the Columbia  
School of Journalism "The  
Home Study Course."

## VALID QUESTION:

"Is this book really about  
killing Hitler?"

NO! But it did seem like a  
good place to start to  
explain why 1957 was a

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

scary time to admit that  
your uncle had joined the  
socialist party way back in  
1933 at the height of the  
Great Depression and will  
go along way to explain the  
original cancel culture that  
rose up to be a powerful,  
political force just right  
south of Robespierre  
without access to the

A black and white photograph of two women in a desert landscape. The woman on the left is wearing a light-colored, long-sleeved dress and has her arm around the woman on the right. The woman on the right is wearing a dark, button-down shirt and has her hand on her hip. They are both looking upwards and to the side with expressions of awe or excitement. The background shows a vast, cloudy sky.

# HOBOTOURS 1957

whishing sound of the rusty  
blades of the guillotines.

This like in modern times  
was not an age were truth  
nor common sense even  
came into consideration and  
to try and do so was highly  
suspicious means of  
defending a Commie!

Like my friend from the oil  
fields out in West Texas

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

always reminds me:

“Never let the truth stand  
in the way of a good  
story!”

1957 was such a time when  
you could like completely  
ruin some one with an  
unsigned letter to the FBI  
suggesting that you buy  
way too much Vodka to be  
a good American...”

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

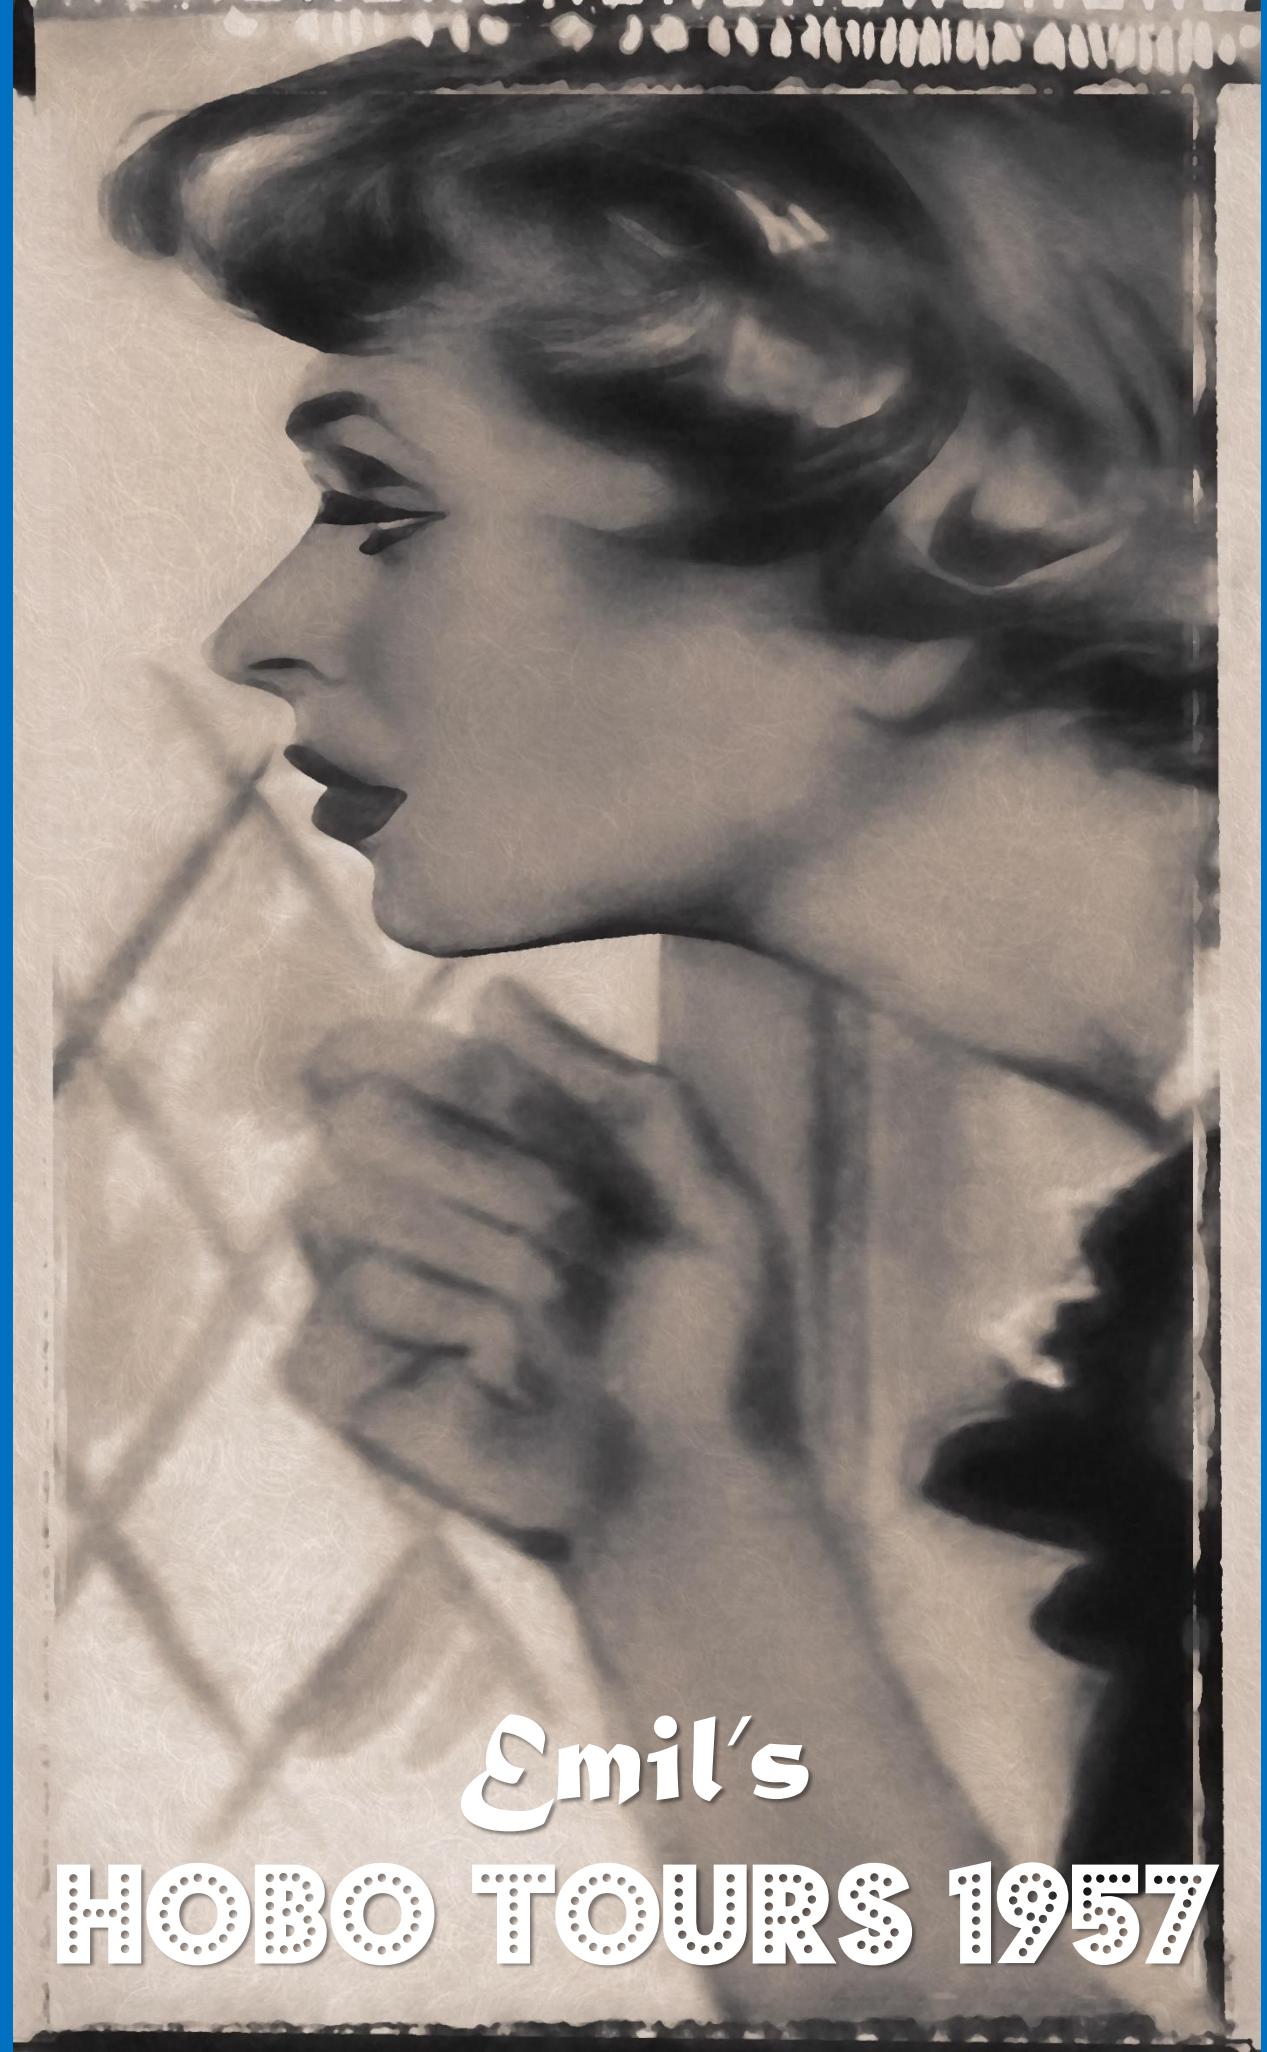

Like in our current times,  
fear drove public opinions  
and anyone stupid enough  
to question the American  
Government was like  
Georgie "Bubba" Bush  
would tell us a half century  
later when he told the  
American People:  
"You are either with us or  
against us!"

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

In those days if you  
weren't with them (the big  
corporations - especially  
the defense contractors,  
Tammany Hall Gangsters  
who ran the government -  
funded by slush funds from  
Wall and Broad Street  
Banking Houses or other  
secret funds for which it  
was better never to ask

Emil's  
**HOBOTOURS 1957**

# HOBO TOURS 1957

where they got their  
monies and the ever  
increasing influence of the  
very secret Continuation of  
Government Intel Groups)  
you were against them.

The concept was simple and  
brilliant in how they could  
shut down any kind of  
conversation(s) that they  
felt uneasy with merely by

Emil's  
**HOBOTOURS 1957**

# HOBO TOURS 1957

saying:

"this involves Super Vital  
National Security"

Or even much simpler...  
just shut anyone down by  
calling them a Commie.

"Commie" was not only a  
dirty word but one that  
was literary against the law  
and in some cases, it  
meant the Death Penalty.

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

Call someone a "Commie"  
and no one would demand  
that you show proof, there  
were no fact checkers or  
even lawyers who would  
defend those accused.

Don't like someone?  
Mad at an ex-girl friend or  
still upset that your  
neighbor is all like snooty  
because they got a Caddie

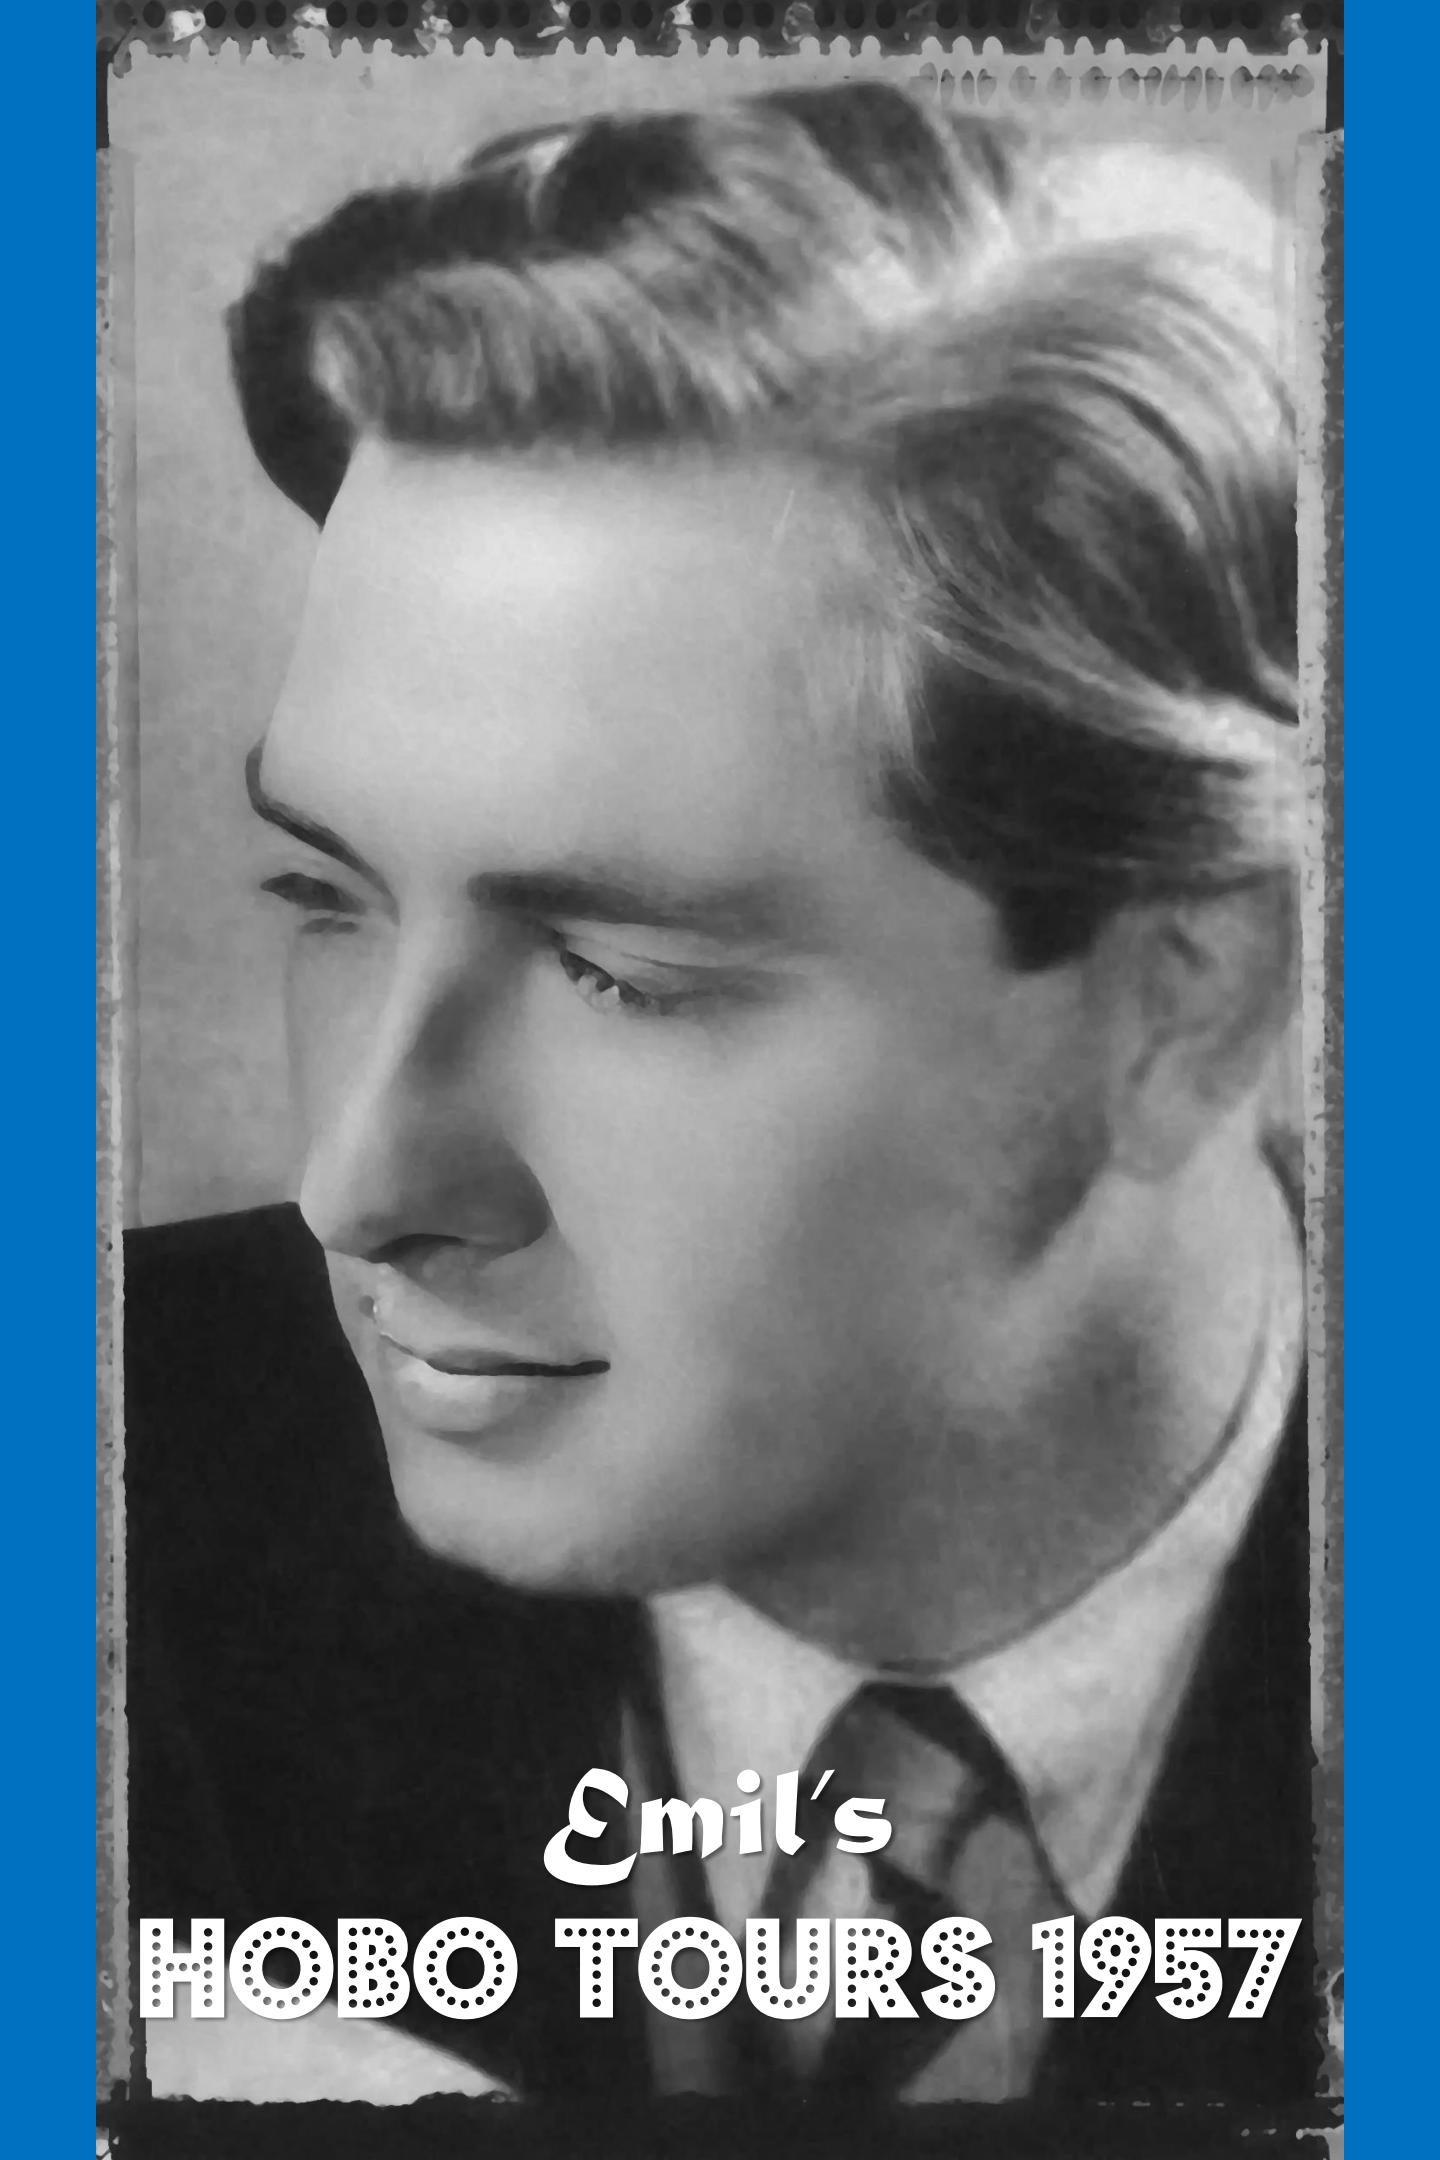

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

while you are still nursing  
that ten-year-old Ford  
Dumpster?

Get out a pen, some dime  
store stationary and write  
a letter to the FBI to  
inquire as to where your  
neighbor got the funds to  
buy a new Caddie...then  
plant the seed...

"Are they getting Commie

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

money for being a super,  
secret Commie Spy... Are  
they selling American  
secrets to them Damn  
Commies?"

That was all it took...  
No one is the wiser and  
you might even pick up an  
almost new Caddie as your  
neighbor has to fire sale it  
to pay legal fees. Cool?

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

Seems that it was better in

the less we know about  
what has passed us by...

You know that historical  
guy that your civics teacher  
was always quoting about  
history was just a endless  
loop of humankind's  
greatest mistakes... I can  
now see the sense of what  
he was trying to say. I do!

Emil's  
**HOBOTOURS 1957**

# HOBO TOURS 1957

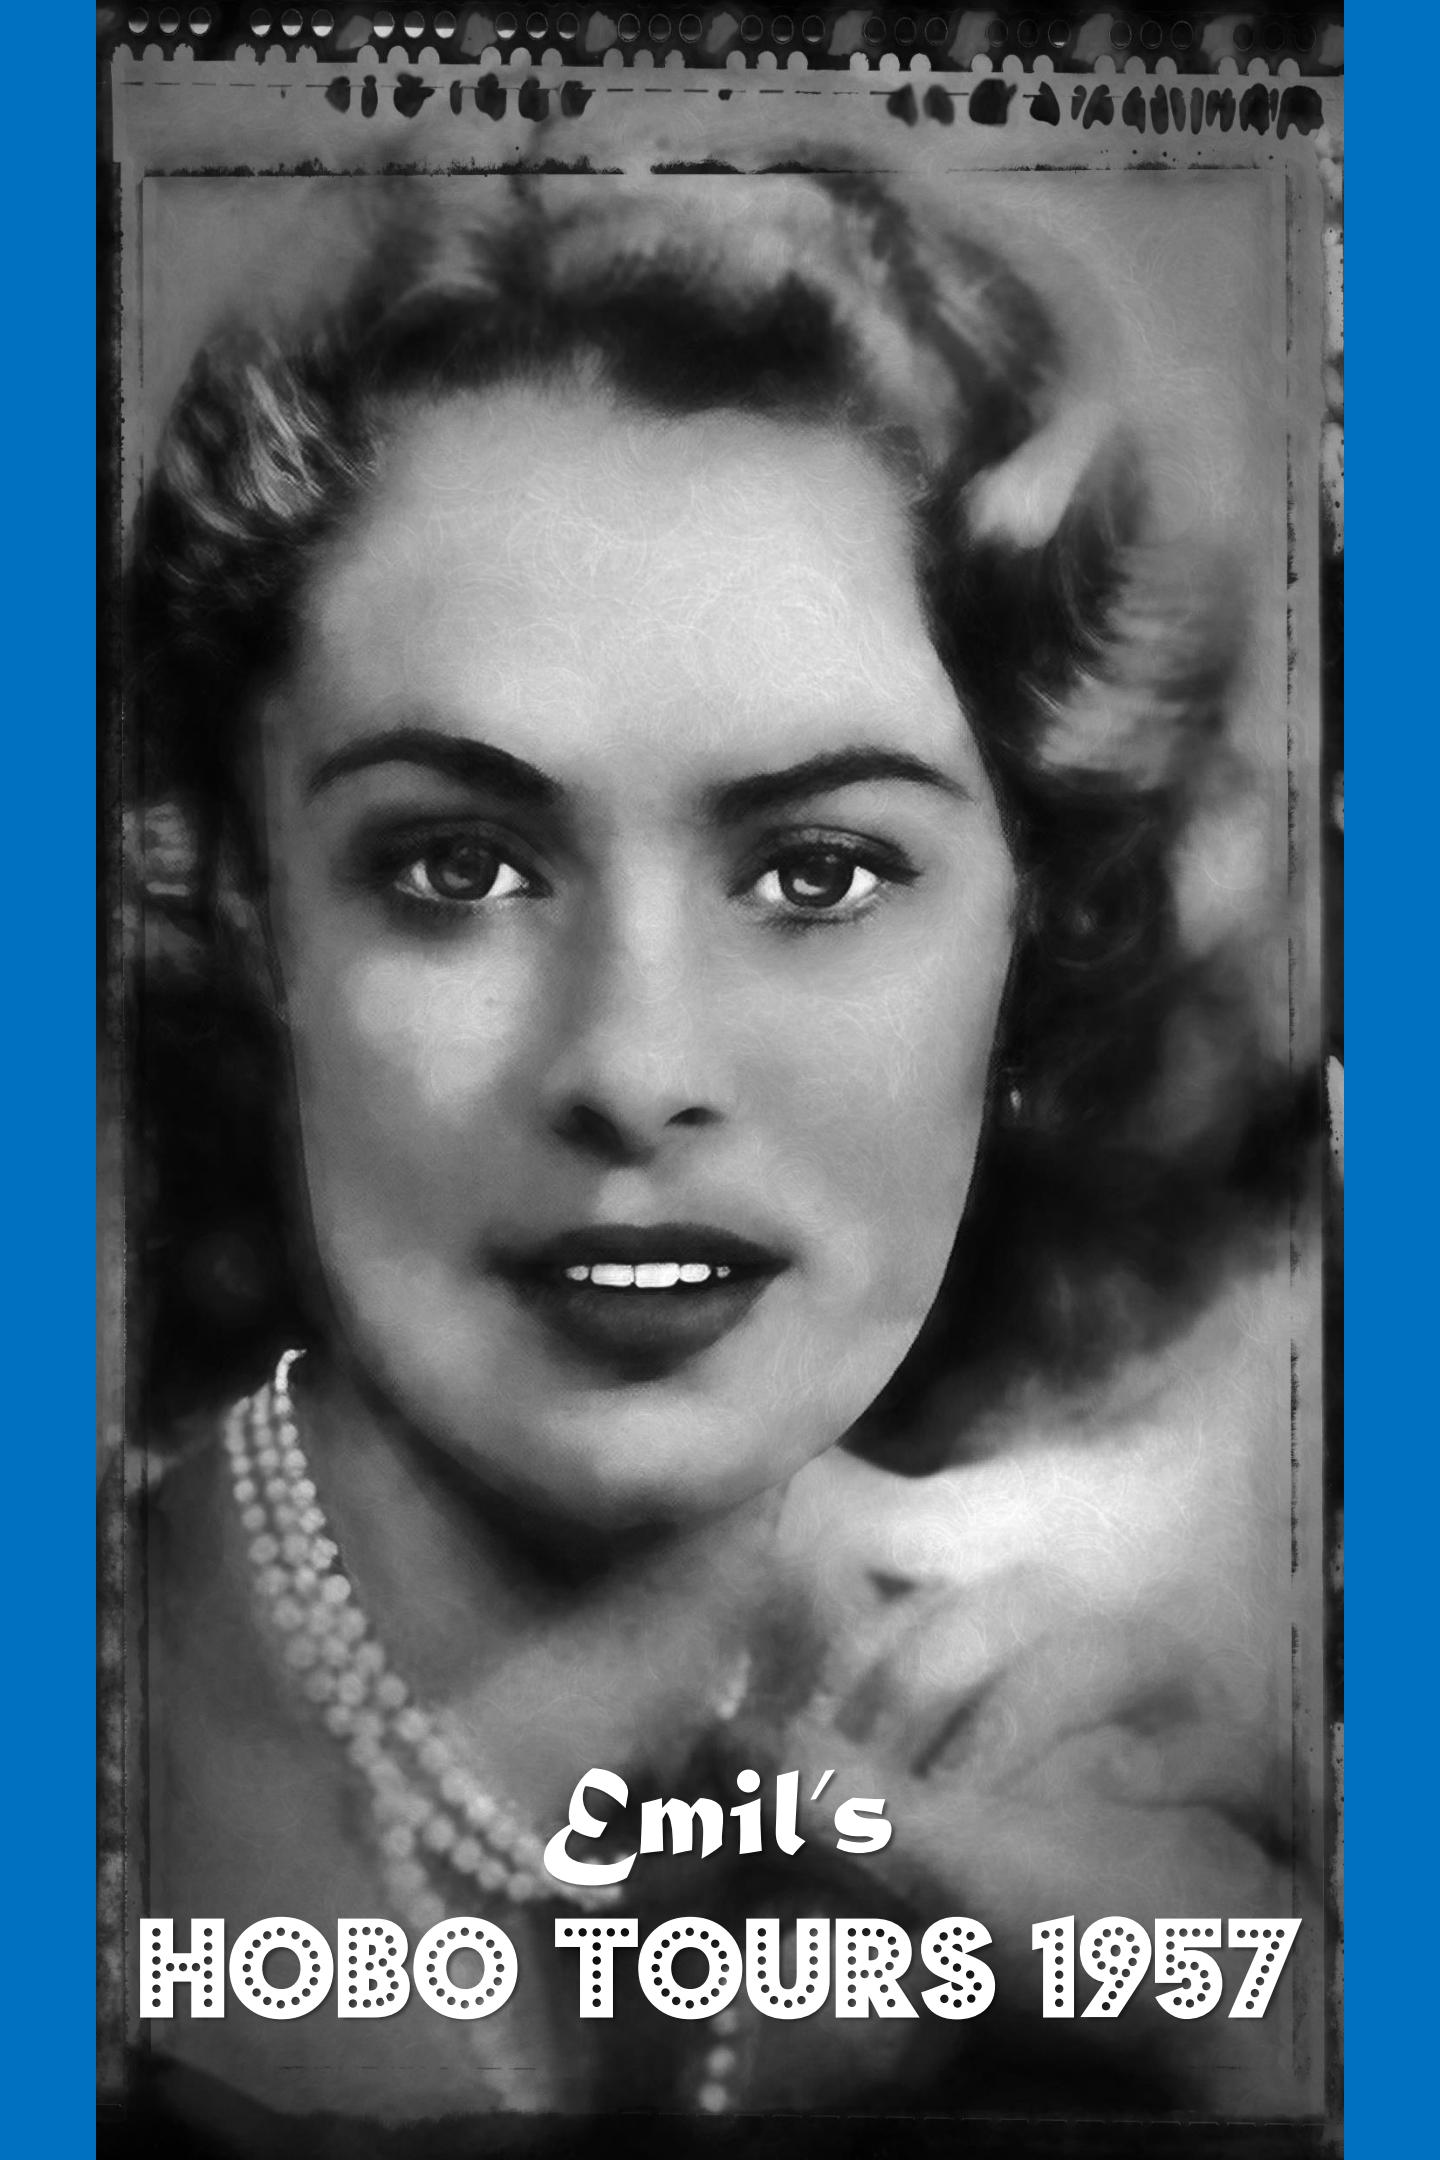

Or as Edgar Casey once told FDR (yea...they were friends and Casey was on the shortlist for a hand-written X-Mas Card for the man, himself):  
“What was will be again!”  
They were like that close and had FDR listened to Casey’s warnings about China and bailed early on

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

all of those family investments then, we might have sat out the war and the greatest generation would have never left home...just think? What course would they have taken given an opportunity to grow old or saving the world without all the heavy baggage of

Emil's  
**HOBOTOURS 1957**

# HOBO TOURS 1957

atomic bombs, fire-bombing  
cities and the continued  
collateral damage reeked  
by the Dulles Bros and all  
of their little Nazi buddies  
in letting them create the  
CIA????

What would have happened had  
Henry Wallace not been  
dropped as FDR's VP in  
1944 on the demand

Emil's  
**HOBOTOURS 1957**

# HOBO TOURS 1957

of the very same Wall Street Bankers who had originally funded Hitler? Would we have skipped over thirty-years of mindless "SitzKrieg" (COLD WAR) or as Seine was so fond of calling: "DROLE DE GUERRE!" Mr. Wallace would have changed the world (for

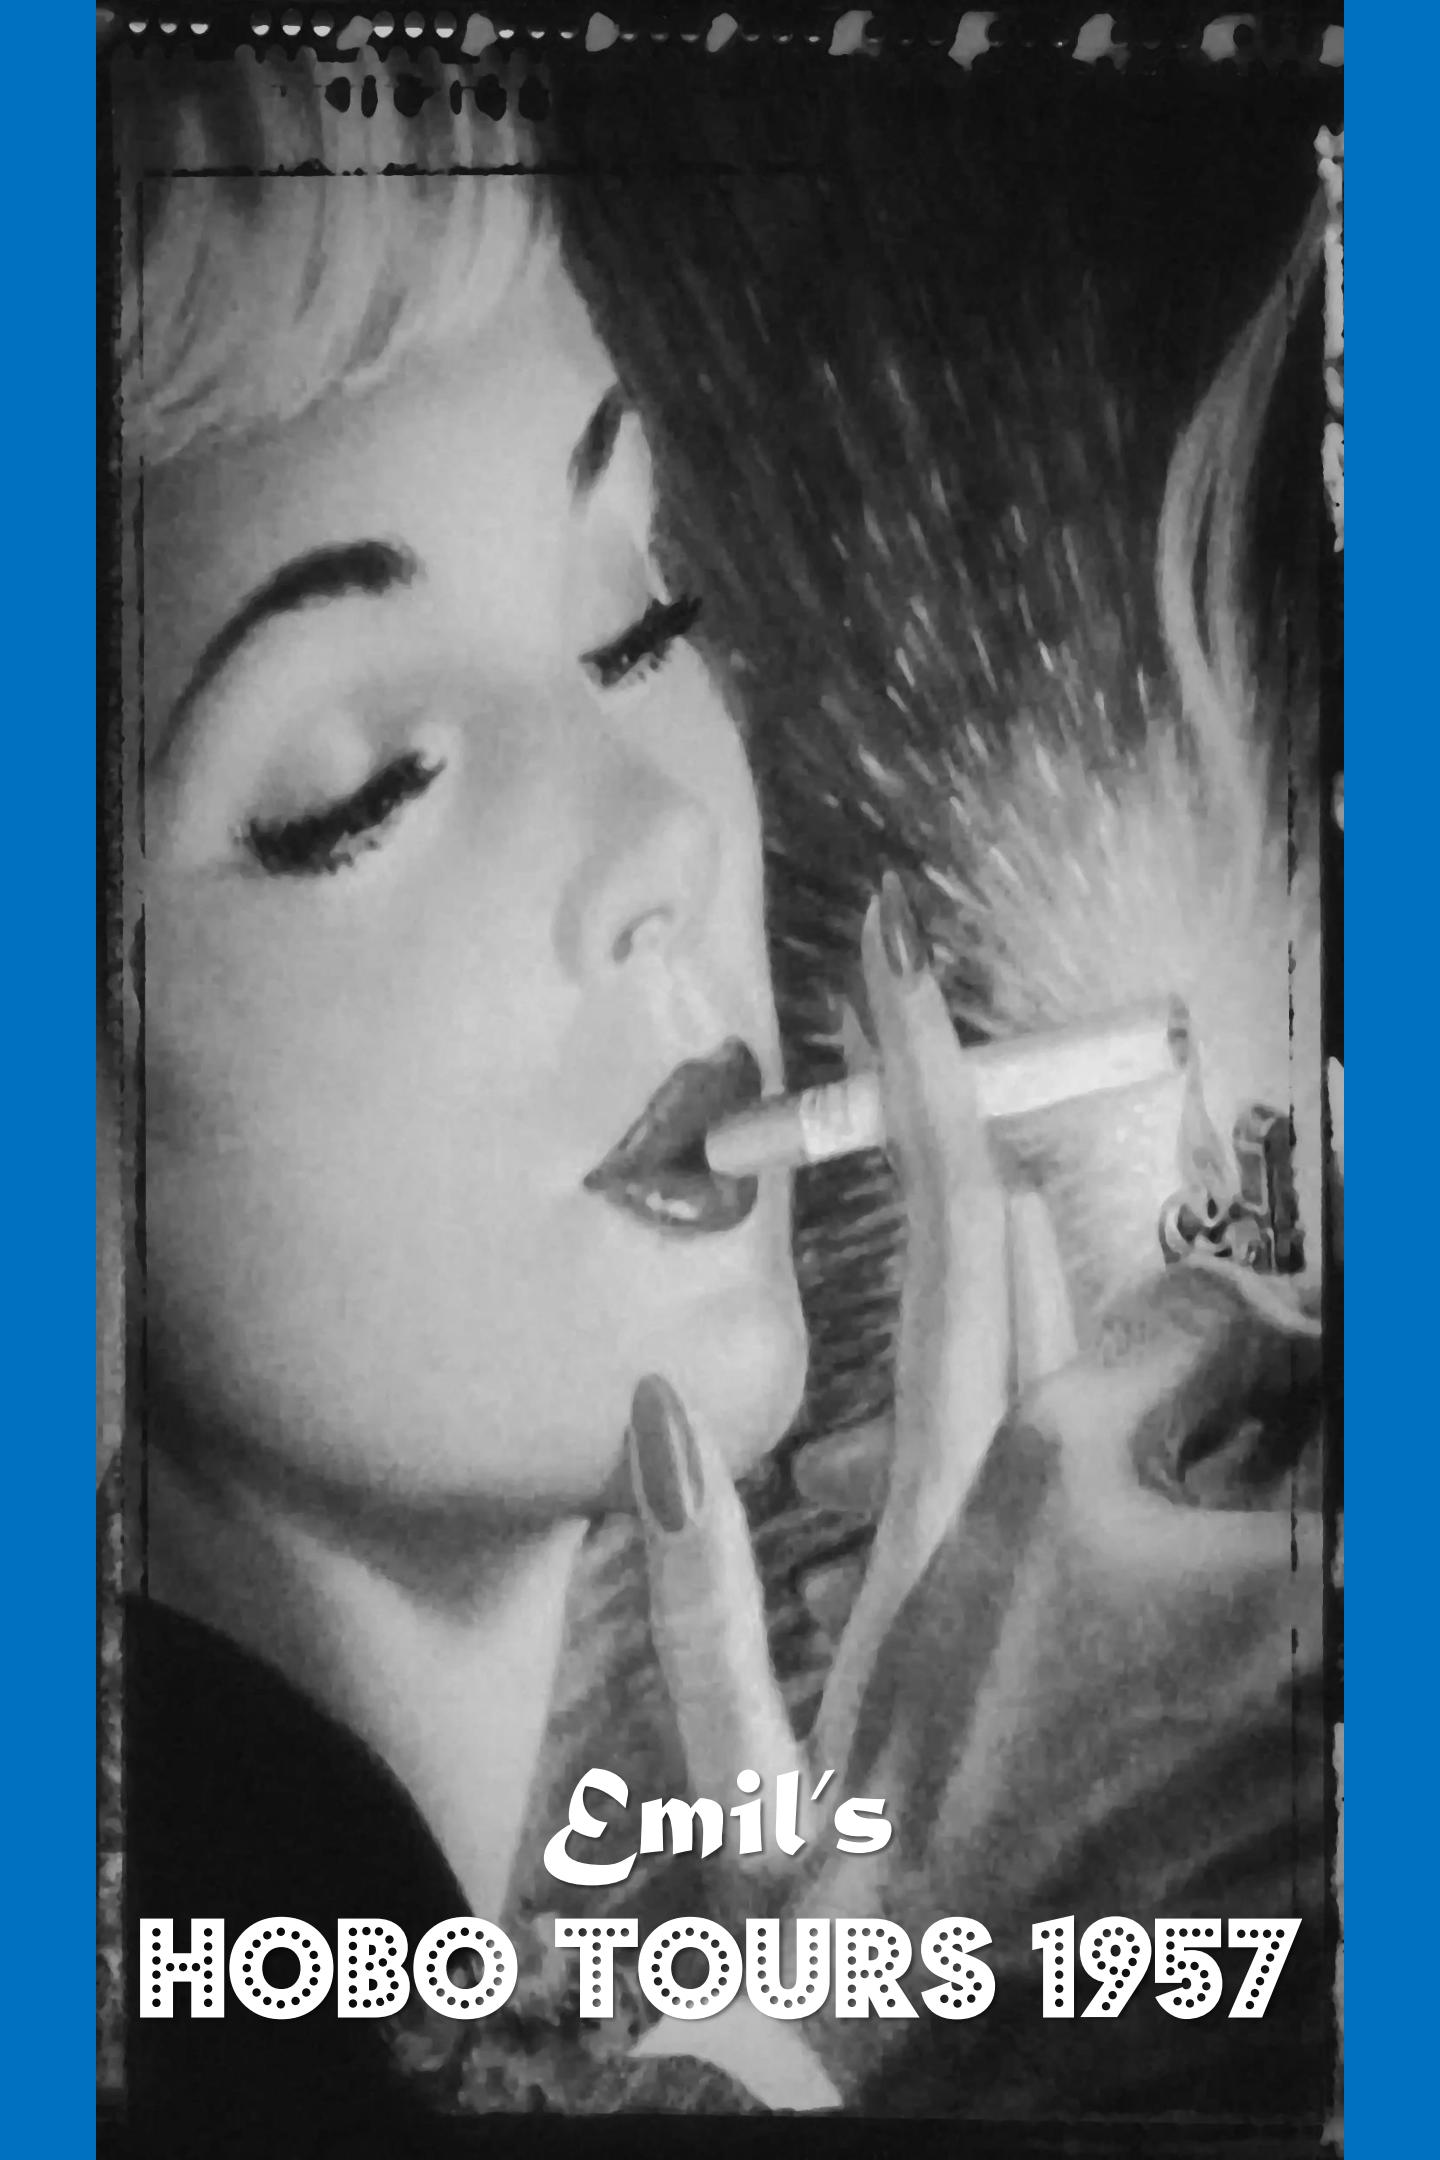

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

the better...I believe!)

as he didn't have a  
financial pony skin in the  
game of Global Dominants  
that came after the war.

I remember how he  
explained that "we have no  
need to turn our long  
knives on the Russians just  
to make the Defense  
Industry even more

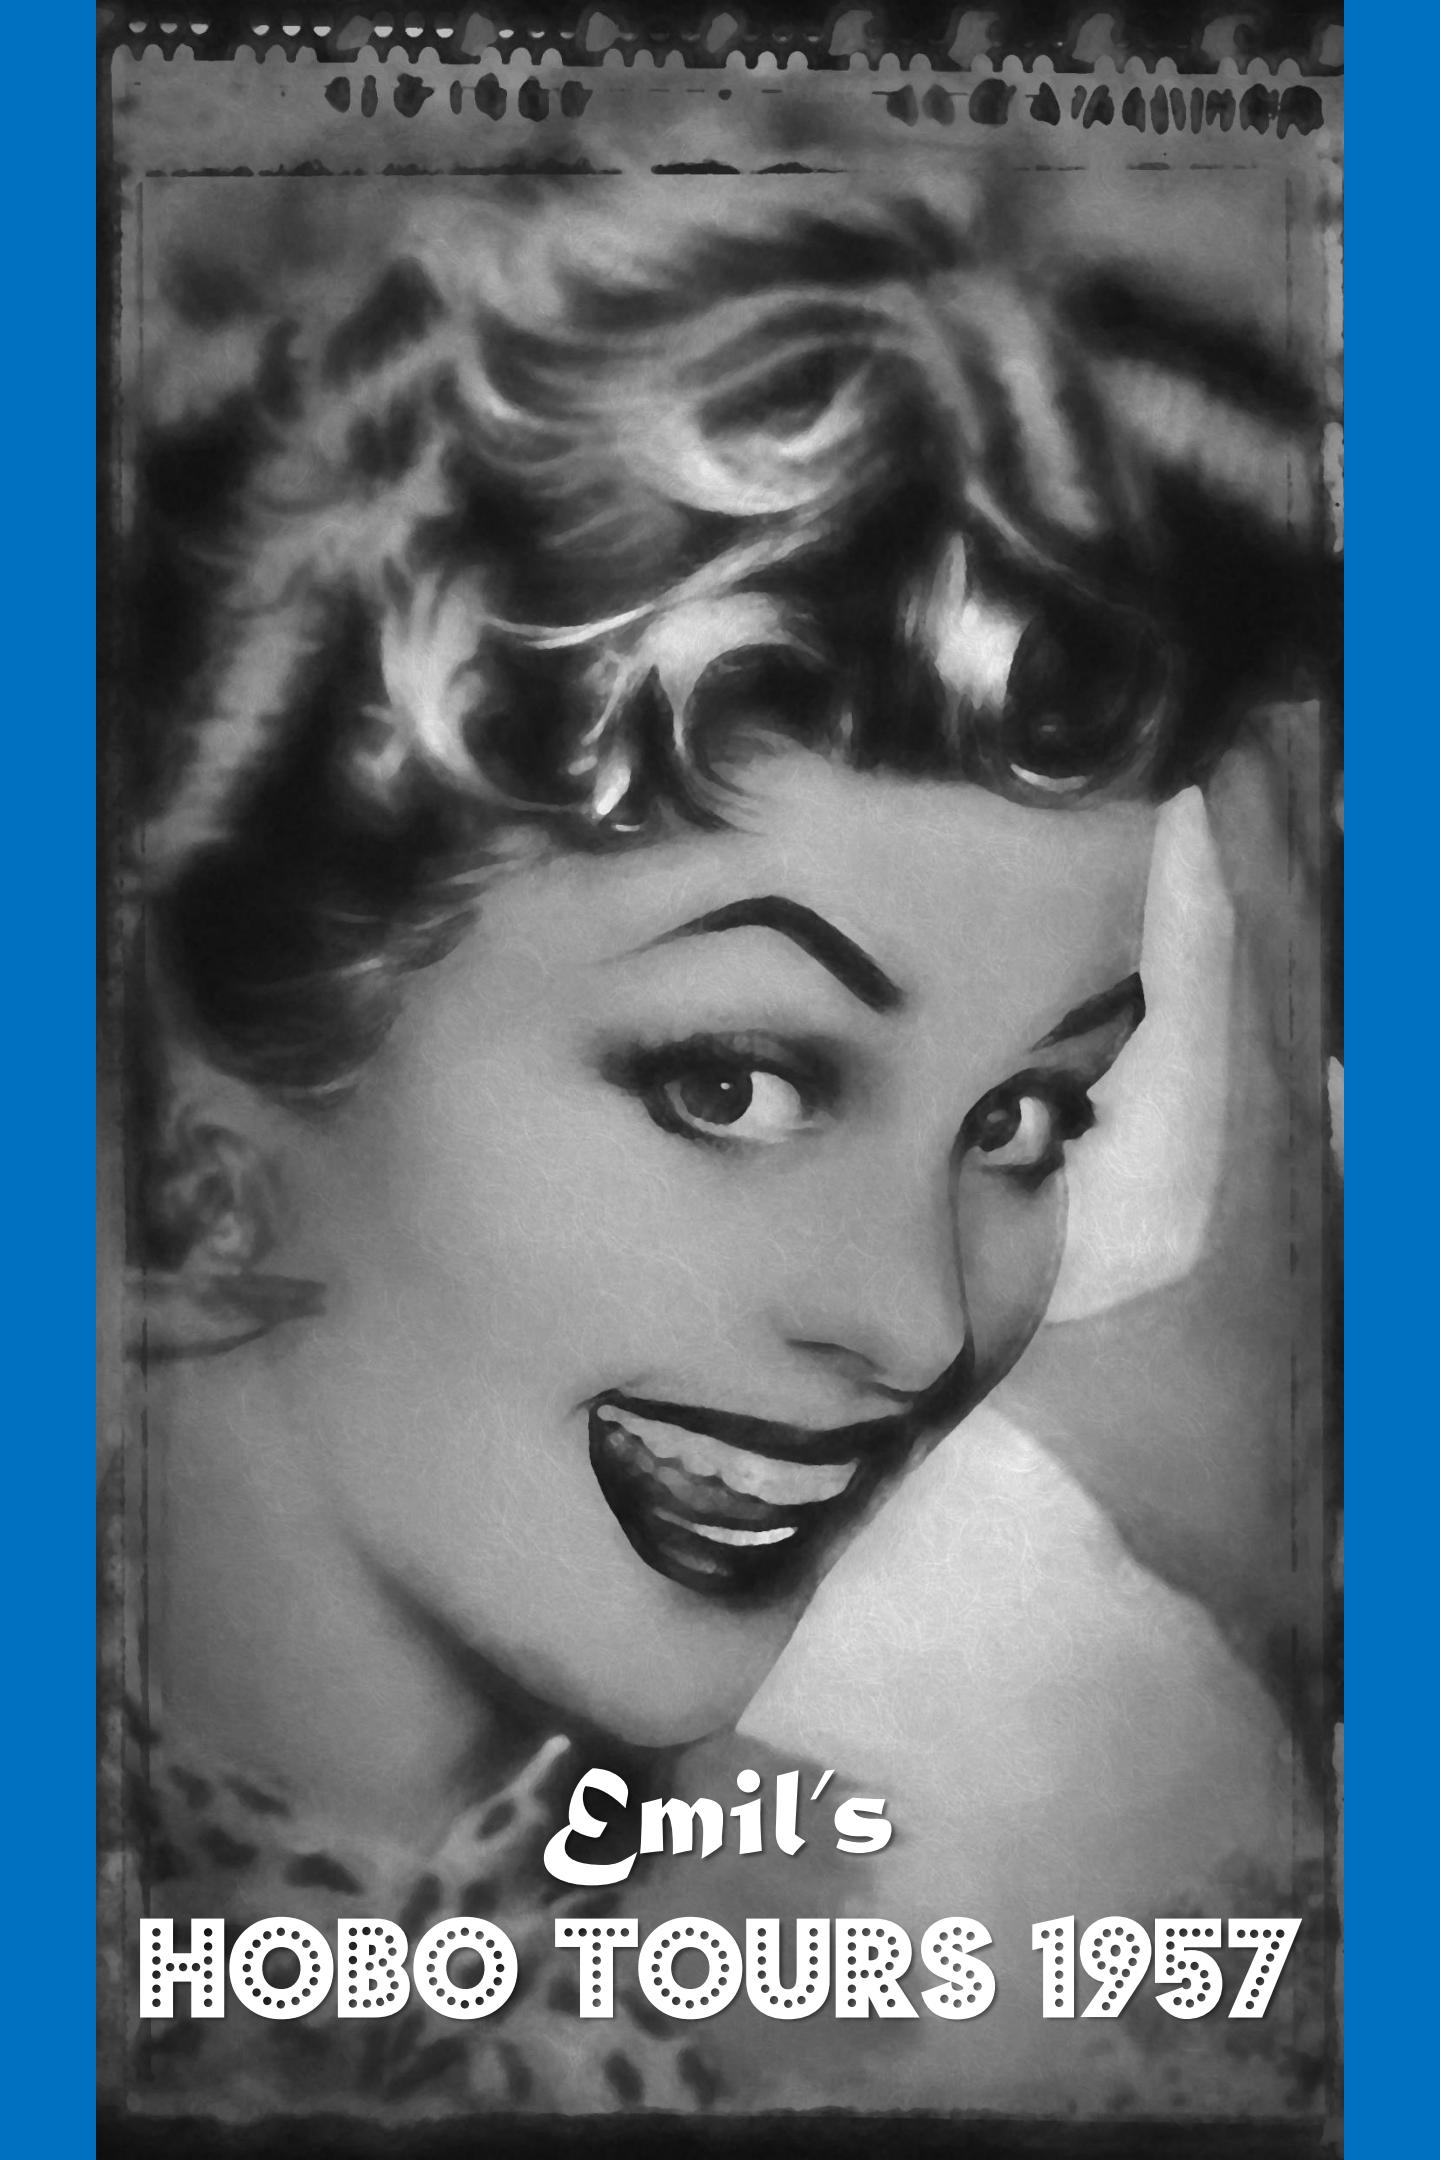

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

wealthy with the promise of  
a new, bigger generation, a  
expanded version of

“The Never Ending War!”

Such thoughts were used to  
cancel him with a tar-and-  
feather tag of “Comrade  
Commie” and anyone who  
supported him was more  
than likely, a Commie  
Agent Stooge, too!

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

Like too many of my weak knee, fellow citizens; I sat on my hands and duck taped my mouth shut when Mr. Wallace needed us the most and so...we got what we paid for in the form of a career politician (failed business man) who gave the powerful elites everything they wanted

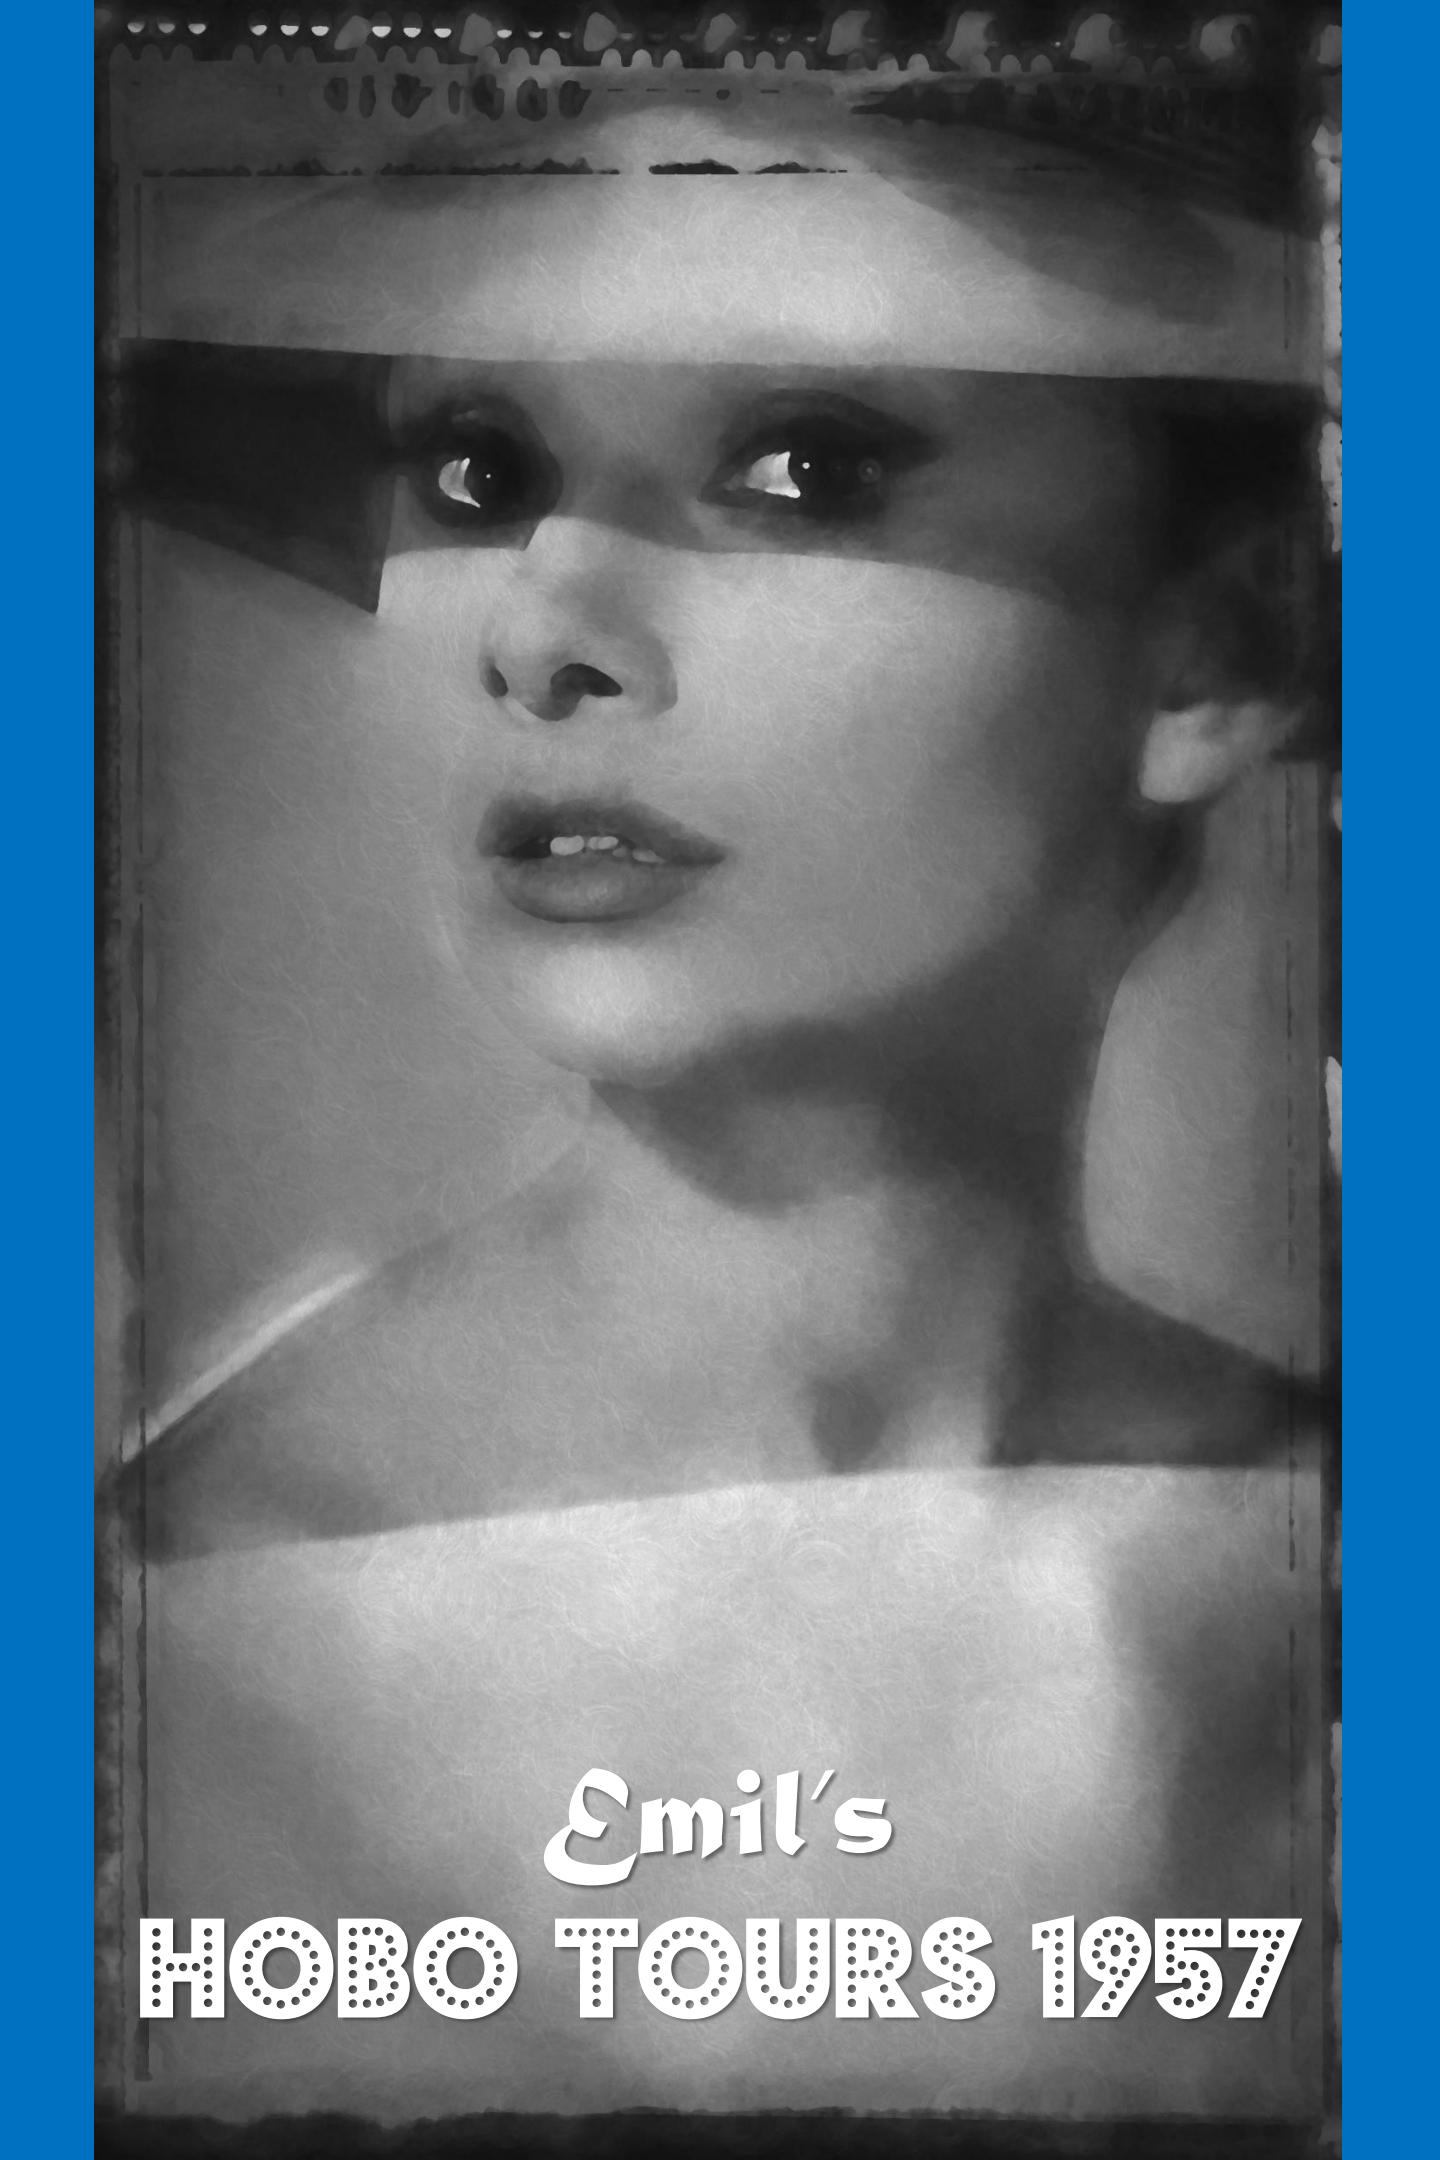

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

like a generation of wars  
that represented the  
greatest windful in the  
history of the world to the  
builders of weapons and to  
their fellow travelers and  
co-conspirators that the  
business community refer  
to as silent investors.

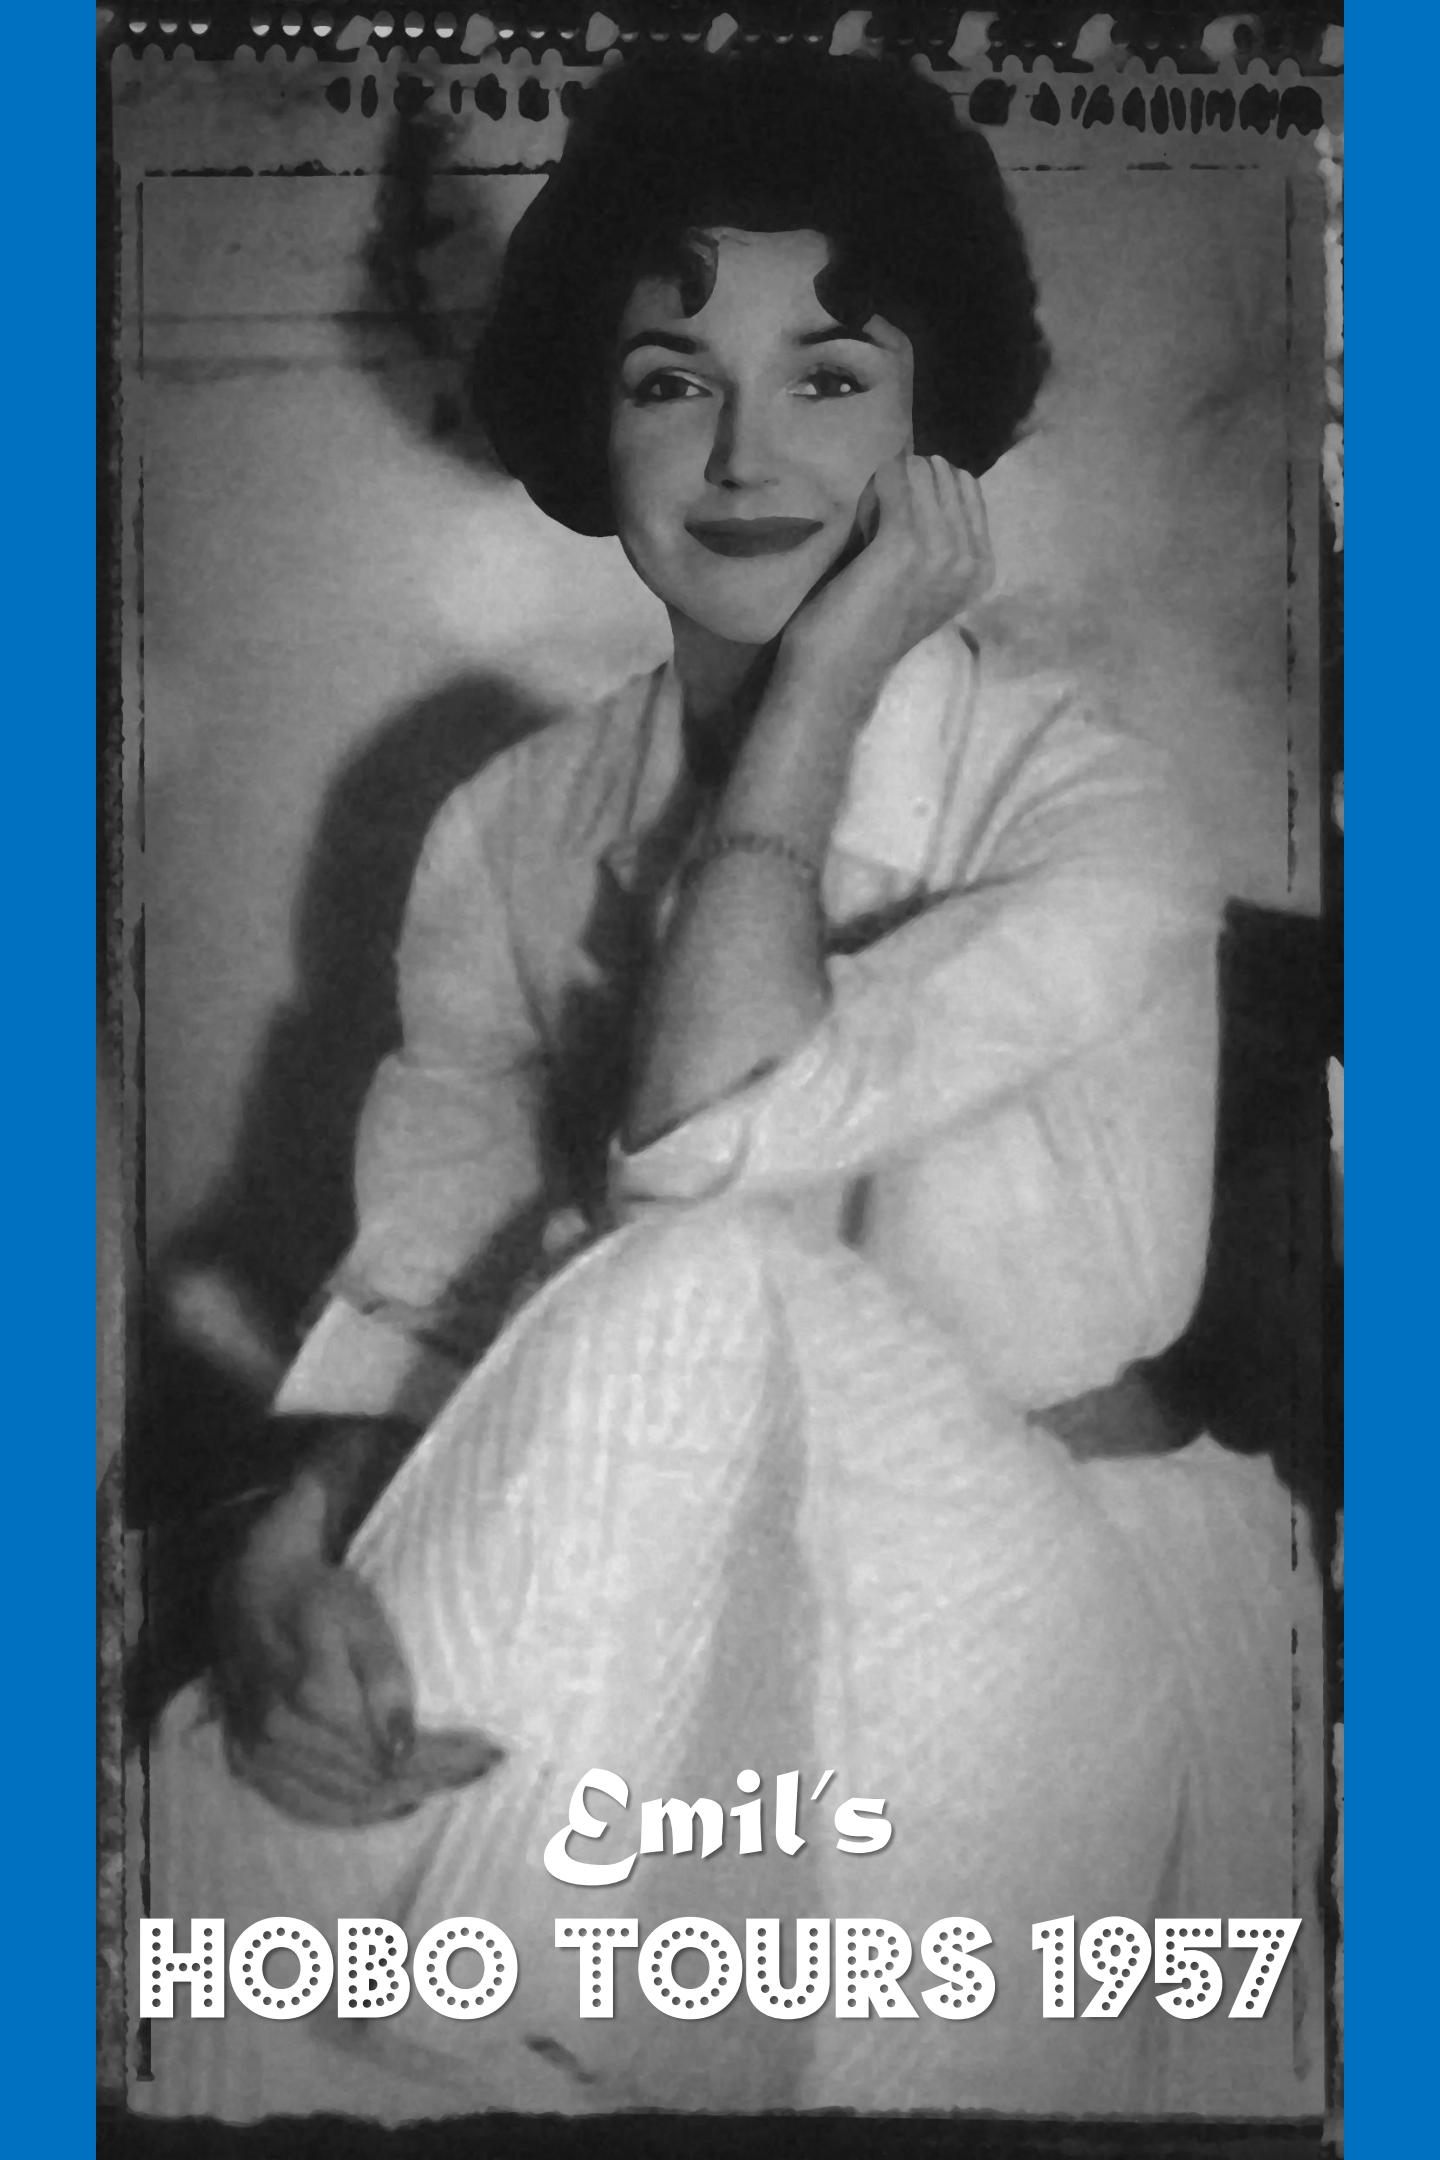

No need to go on and it is  
probably much safer (even

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

by today's standards) to cancel myself as many of the grandchildren of these gangsters still hold the nation in their grip and to be seen (here) bad-mouthing their family Klan; this might NOT be in my own financial self-interest as I do have a lot of skin in this game in that

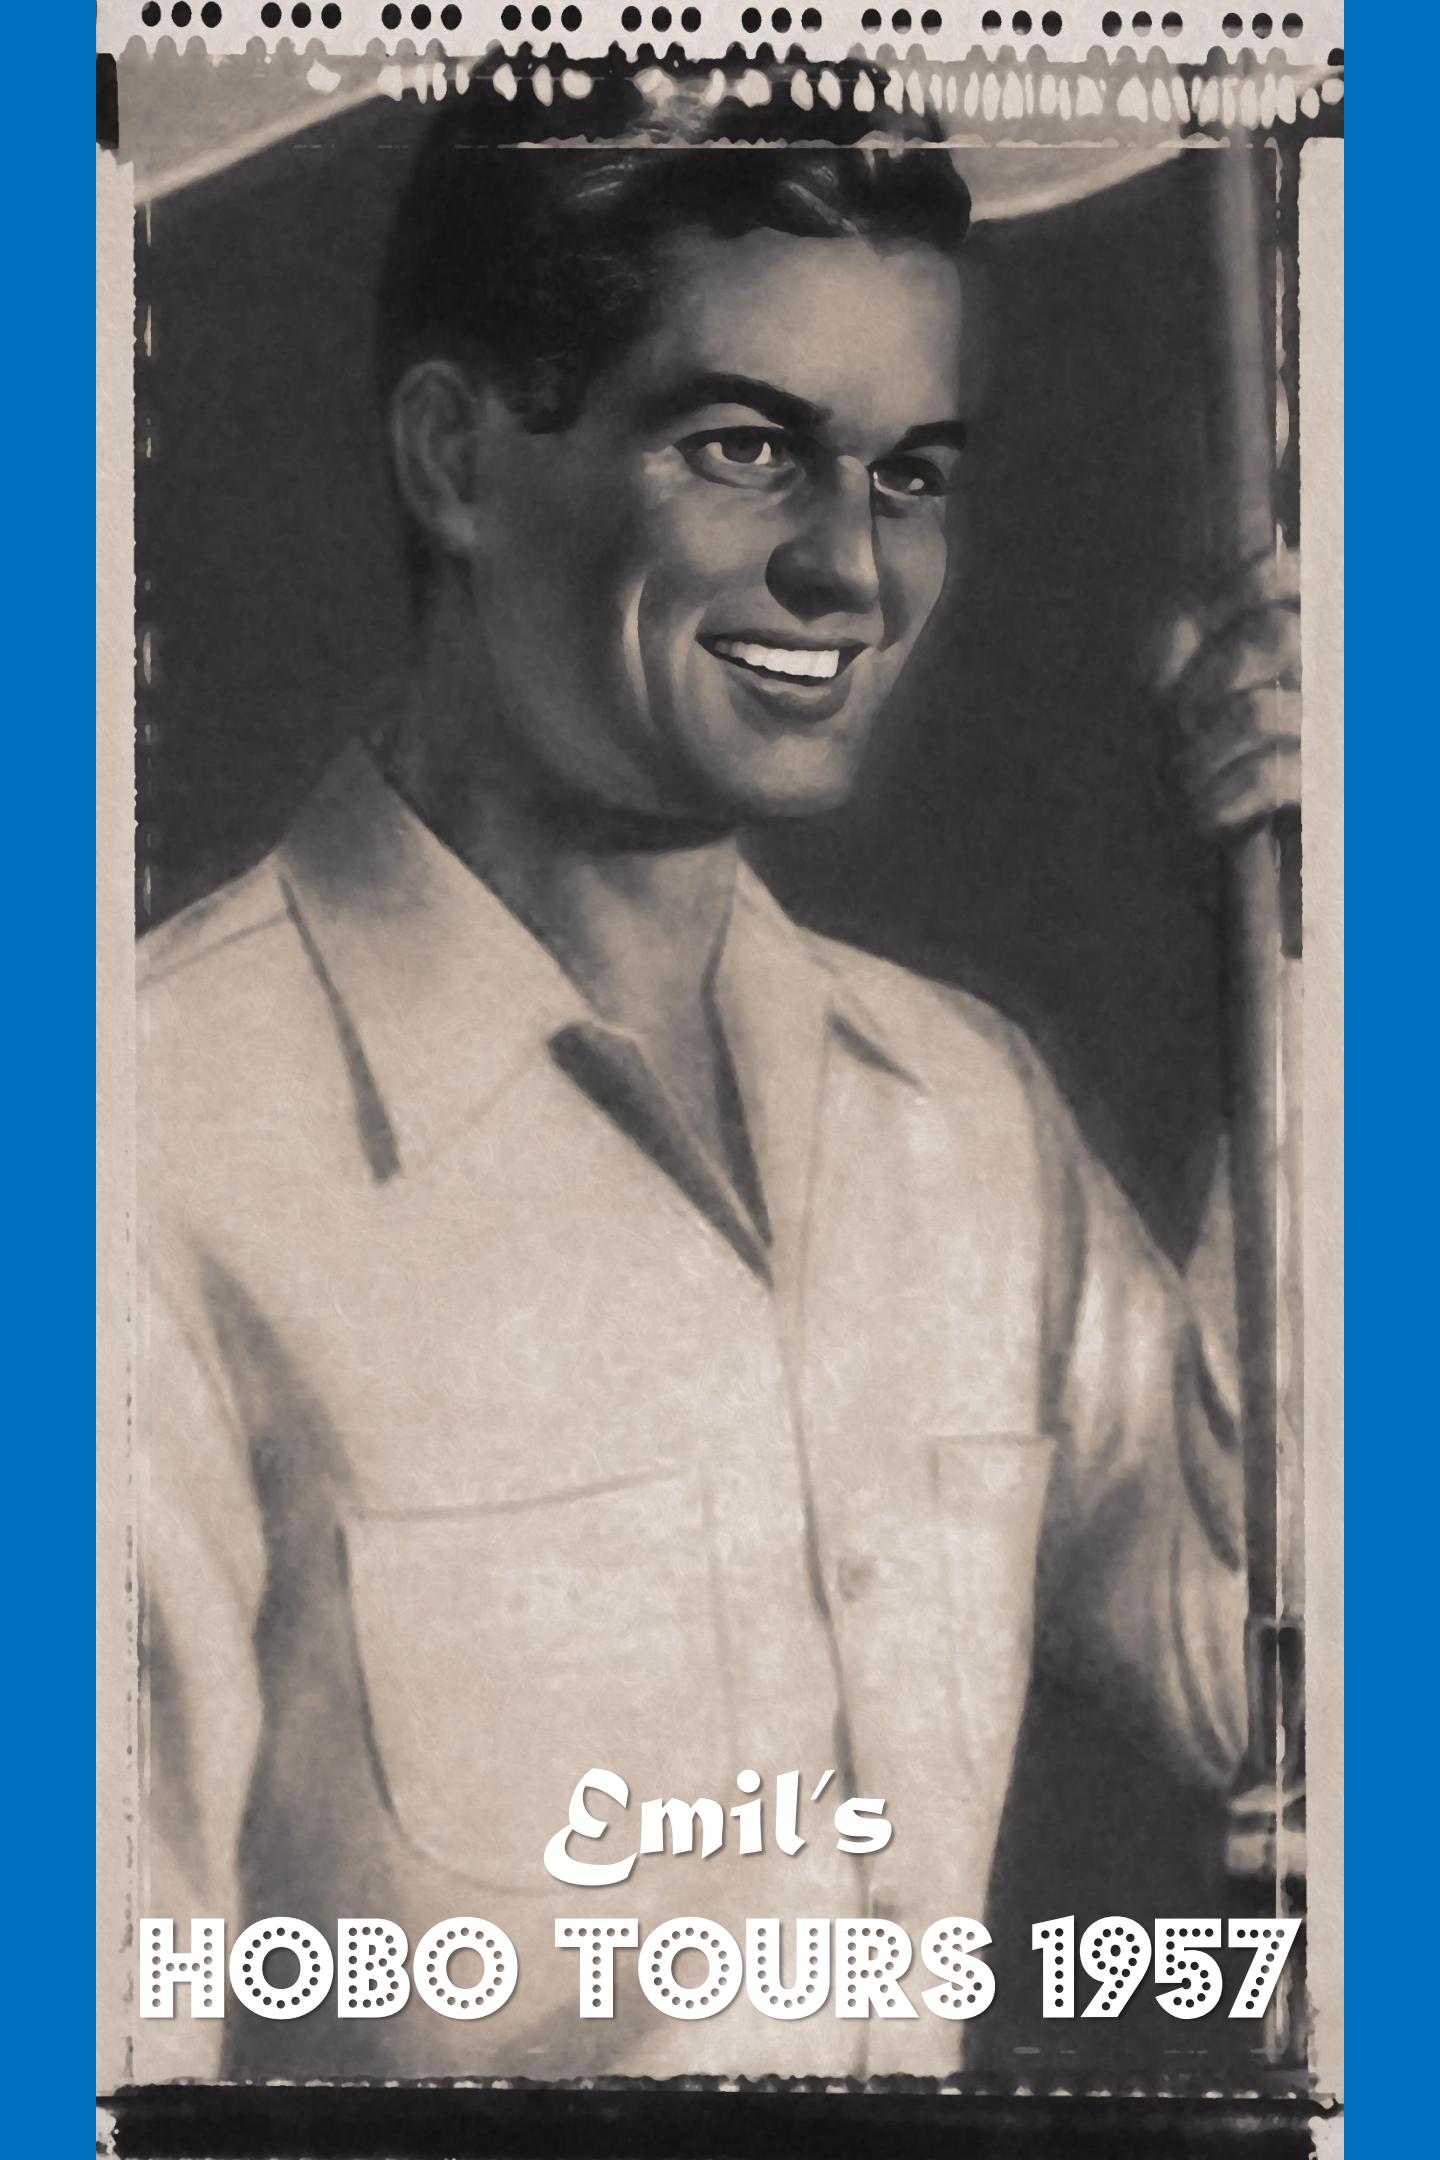

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

I do enjoy to and really  
can make a good case for  
my need to continue  
eating...breathing?

## GET MY DRIFT?

With a terrible taste of  
bitterness dripping from my  
tounge, I have to admit  
that my old civics teacher  
now seems to me a prophet

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

of sorts and can only wish  
that he had been yelling  
out future lottery numbers  
instead of odd quotes from  
some long dead historian  
whose name I still can't  
recall!

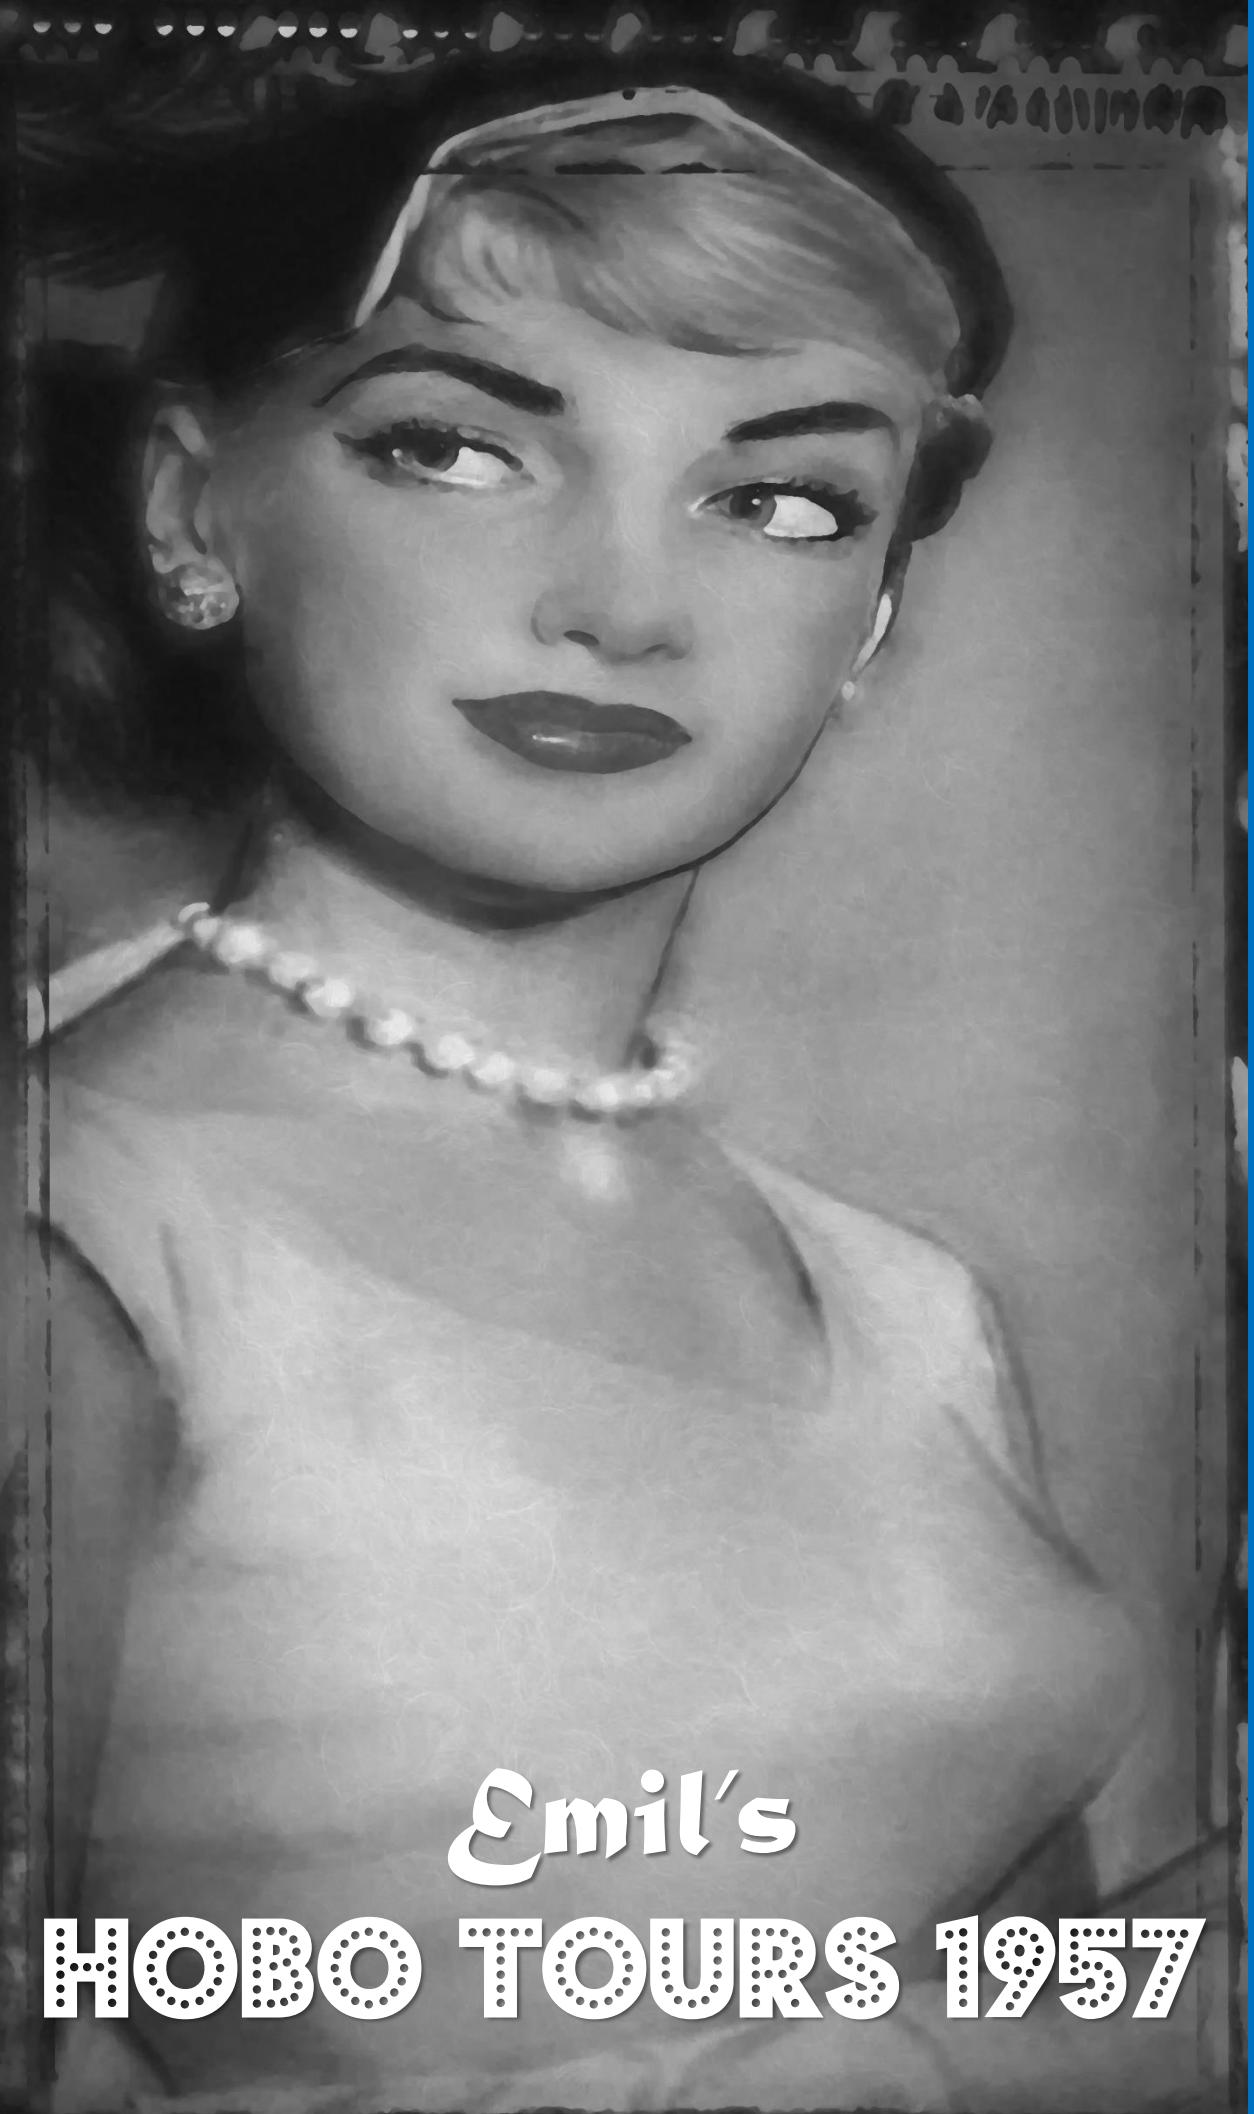

To bring this back around  
into what the Columbia  
School of Journalism calls a  
“Loop de Focus” I will

Emil's  
**HOBOTOURS 1957**

# HOBO TOURS 1957

make a keen observation  
from my park bench venue  
that this generation of  
humankind is very far  
removed from 1957 in  
terms of technology (home  
grown and not from any  
kind of Alien Lend-Lease,  
Treaty with the Mining  
Colonies of the Moon or  
Mars - Sorry Mr. Tesla).

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

While there is no question of the grand technological superiority of this new age; it can also be well documented that our moral, spiritual core that our former Guru James always preached was our "Get out of jail" card and day, visitor pass to heaven - has regressed to the point

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

that it might well be said without causing insult or mental stress (as this is following the science and is a well establish fact) that our moral core has regressed our moral core to such a retarded status that if there are aliens out there...they would be filling our atmosphere with

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

Ritalin...Adderall!

WAIT...

Hold it right there!

Well, there was that one  
guy in LA who used to do a  
podcast that said that this  
was the whole secret  
behind "Contrails."

I ain't gonna go  
there...but, after this  
conversation I am going to

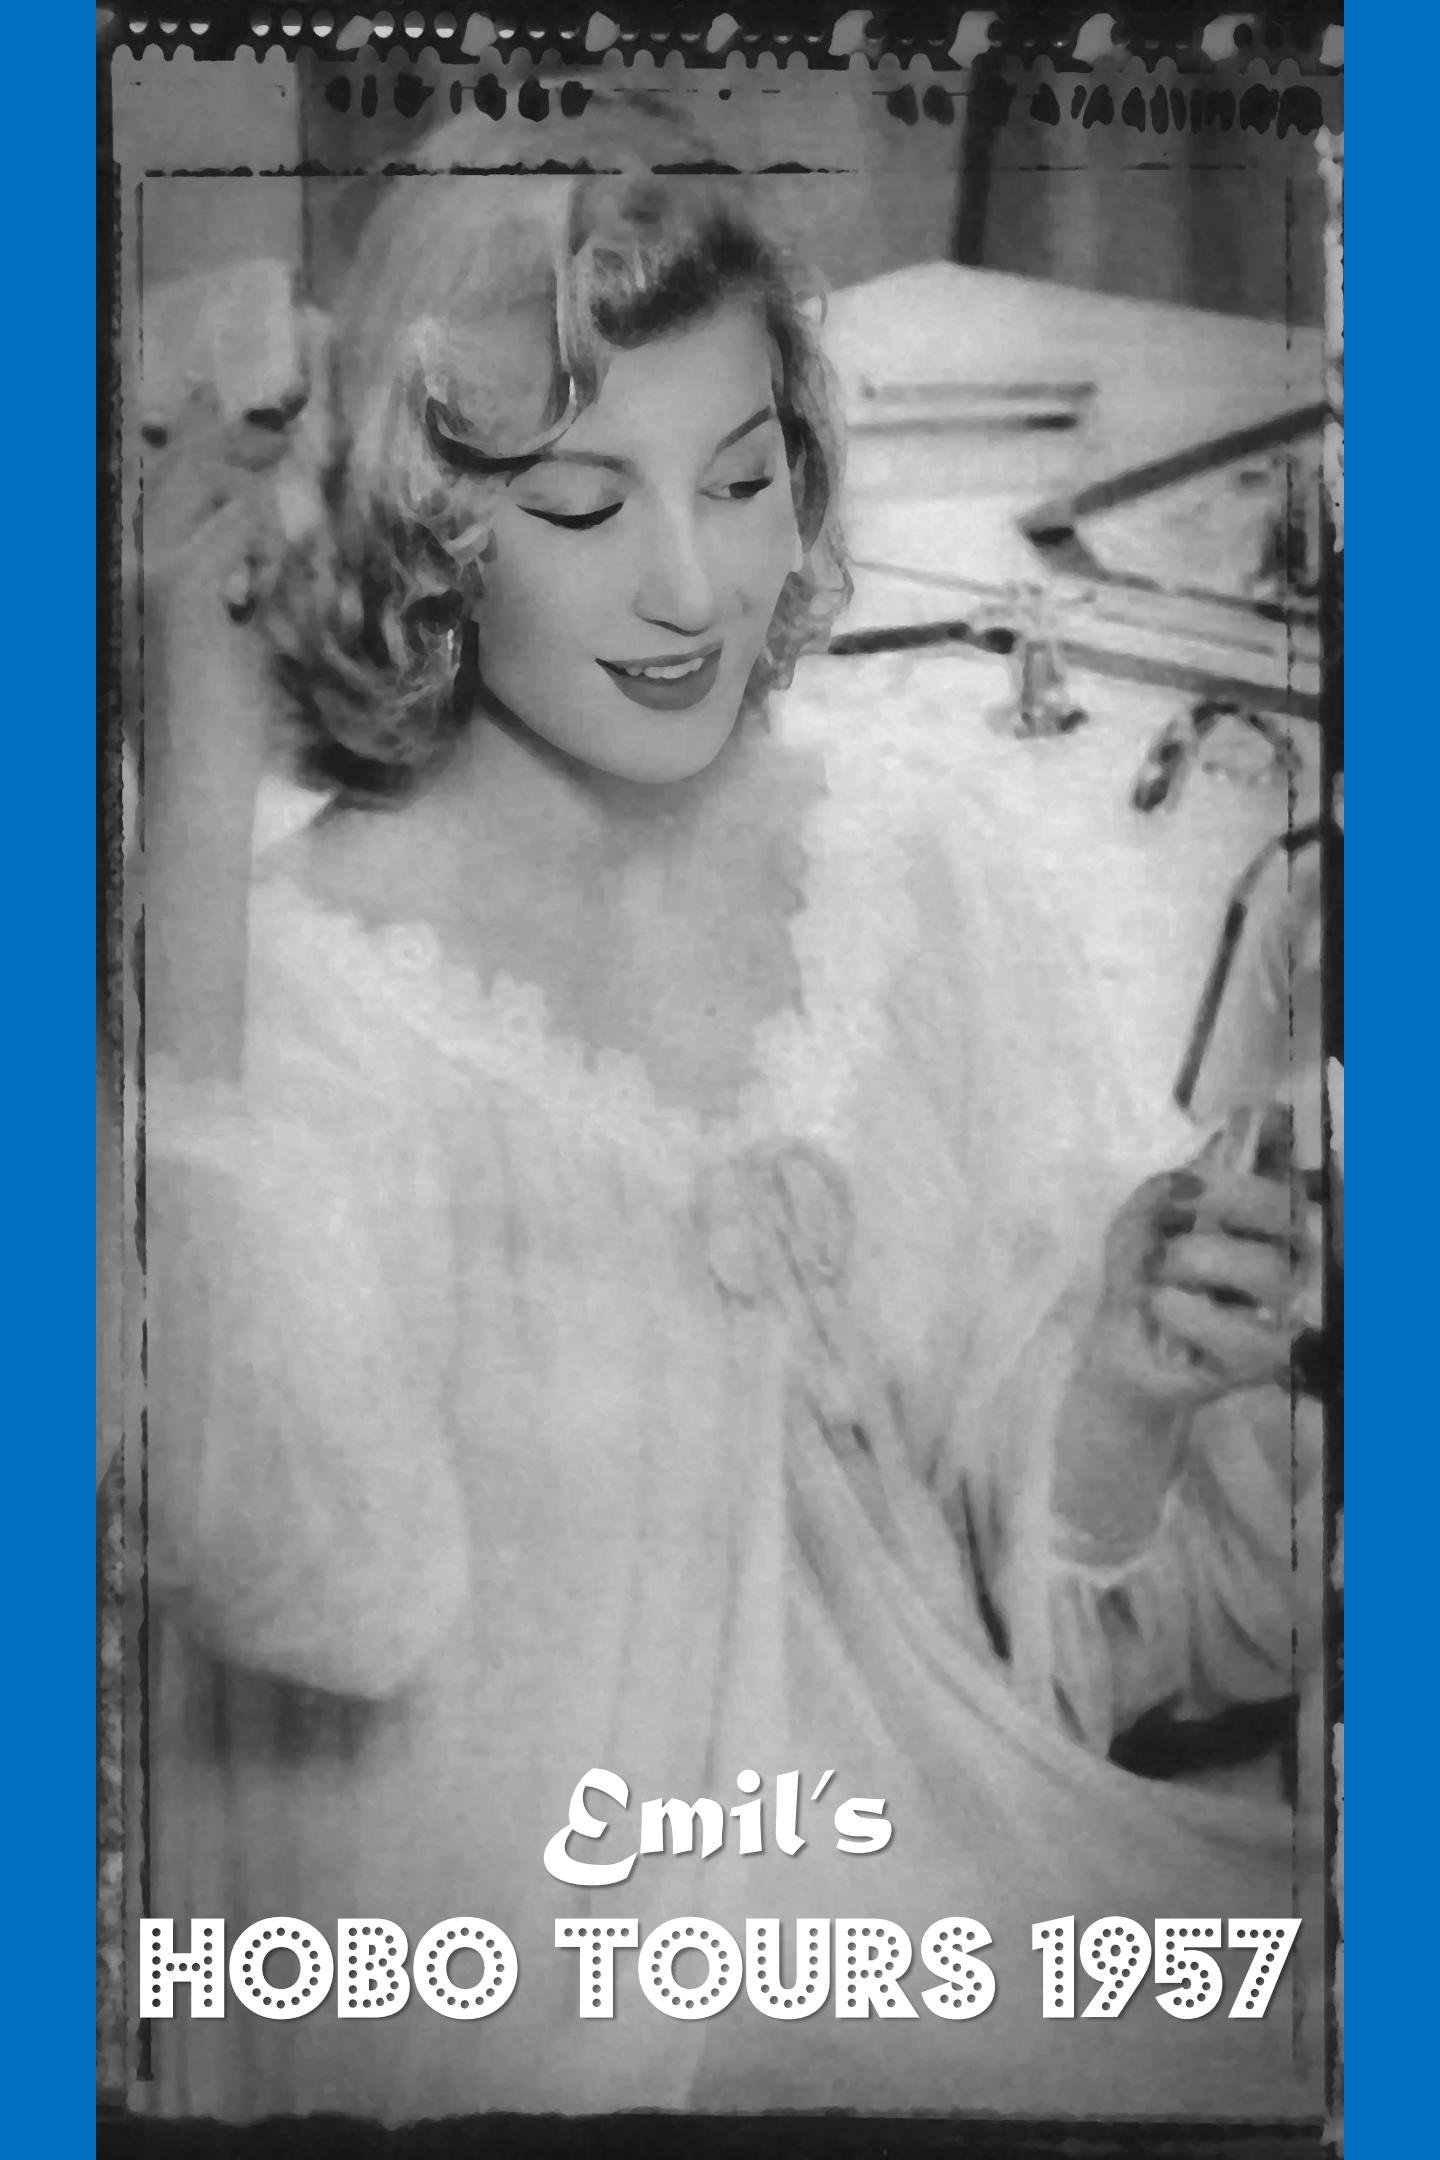

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

NOT be like all snotty and  
bad mouth him, anymore.

“What once was will be  
again like the Mets winning  
the World Series!”

OK! I do admit that was  
an extreme example but, if  
contrails are really aerosol  
applications of Ritalin by  
some kind of alien doctors  
without borders then, there

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

might yet be hope for  
the Mets????

Keep an open mind here!

Stranger things are  
happening all about us and  
the emotions that I felt  
back in 1957 are no  
different than what I am  
feeling today... even  
though Little Sister Joni  
sings about the Winds

coming in from Africa and  
if you do happen by the  
Mermaid Café, come and  
join us in another round  
for both the freaks and  
Legionaries that are hung  
over from a long night on  
the town...last day of  
their leave...tomorrow,  
they are off to Hue...that  
is in French Indo-China.

The difference was that the world was simpler and innocent to even the most hung over beatnik, natalist.

There was still a sense of wonder and mystery to be found in the back recesses of the backwaters of a unexplored world.

This offered hope! There still seemed a way to find

redemption or to just disappear, start over in a different part of the world where people were more concerned with who you are (NOW) rather than in what you were... ask those still running through the jungles of South America, Central Asia or even the freed parts of Africa.

I remember hearing a professor warn that the coming new age of technology (especially in communications) was not the great wonder that it was being sold to us as.

His belief was that the advent of the Age of Global Trade had created the greatest expansion of

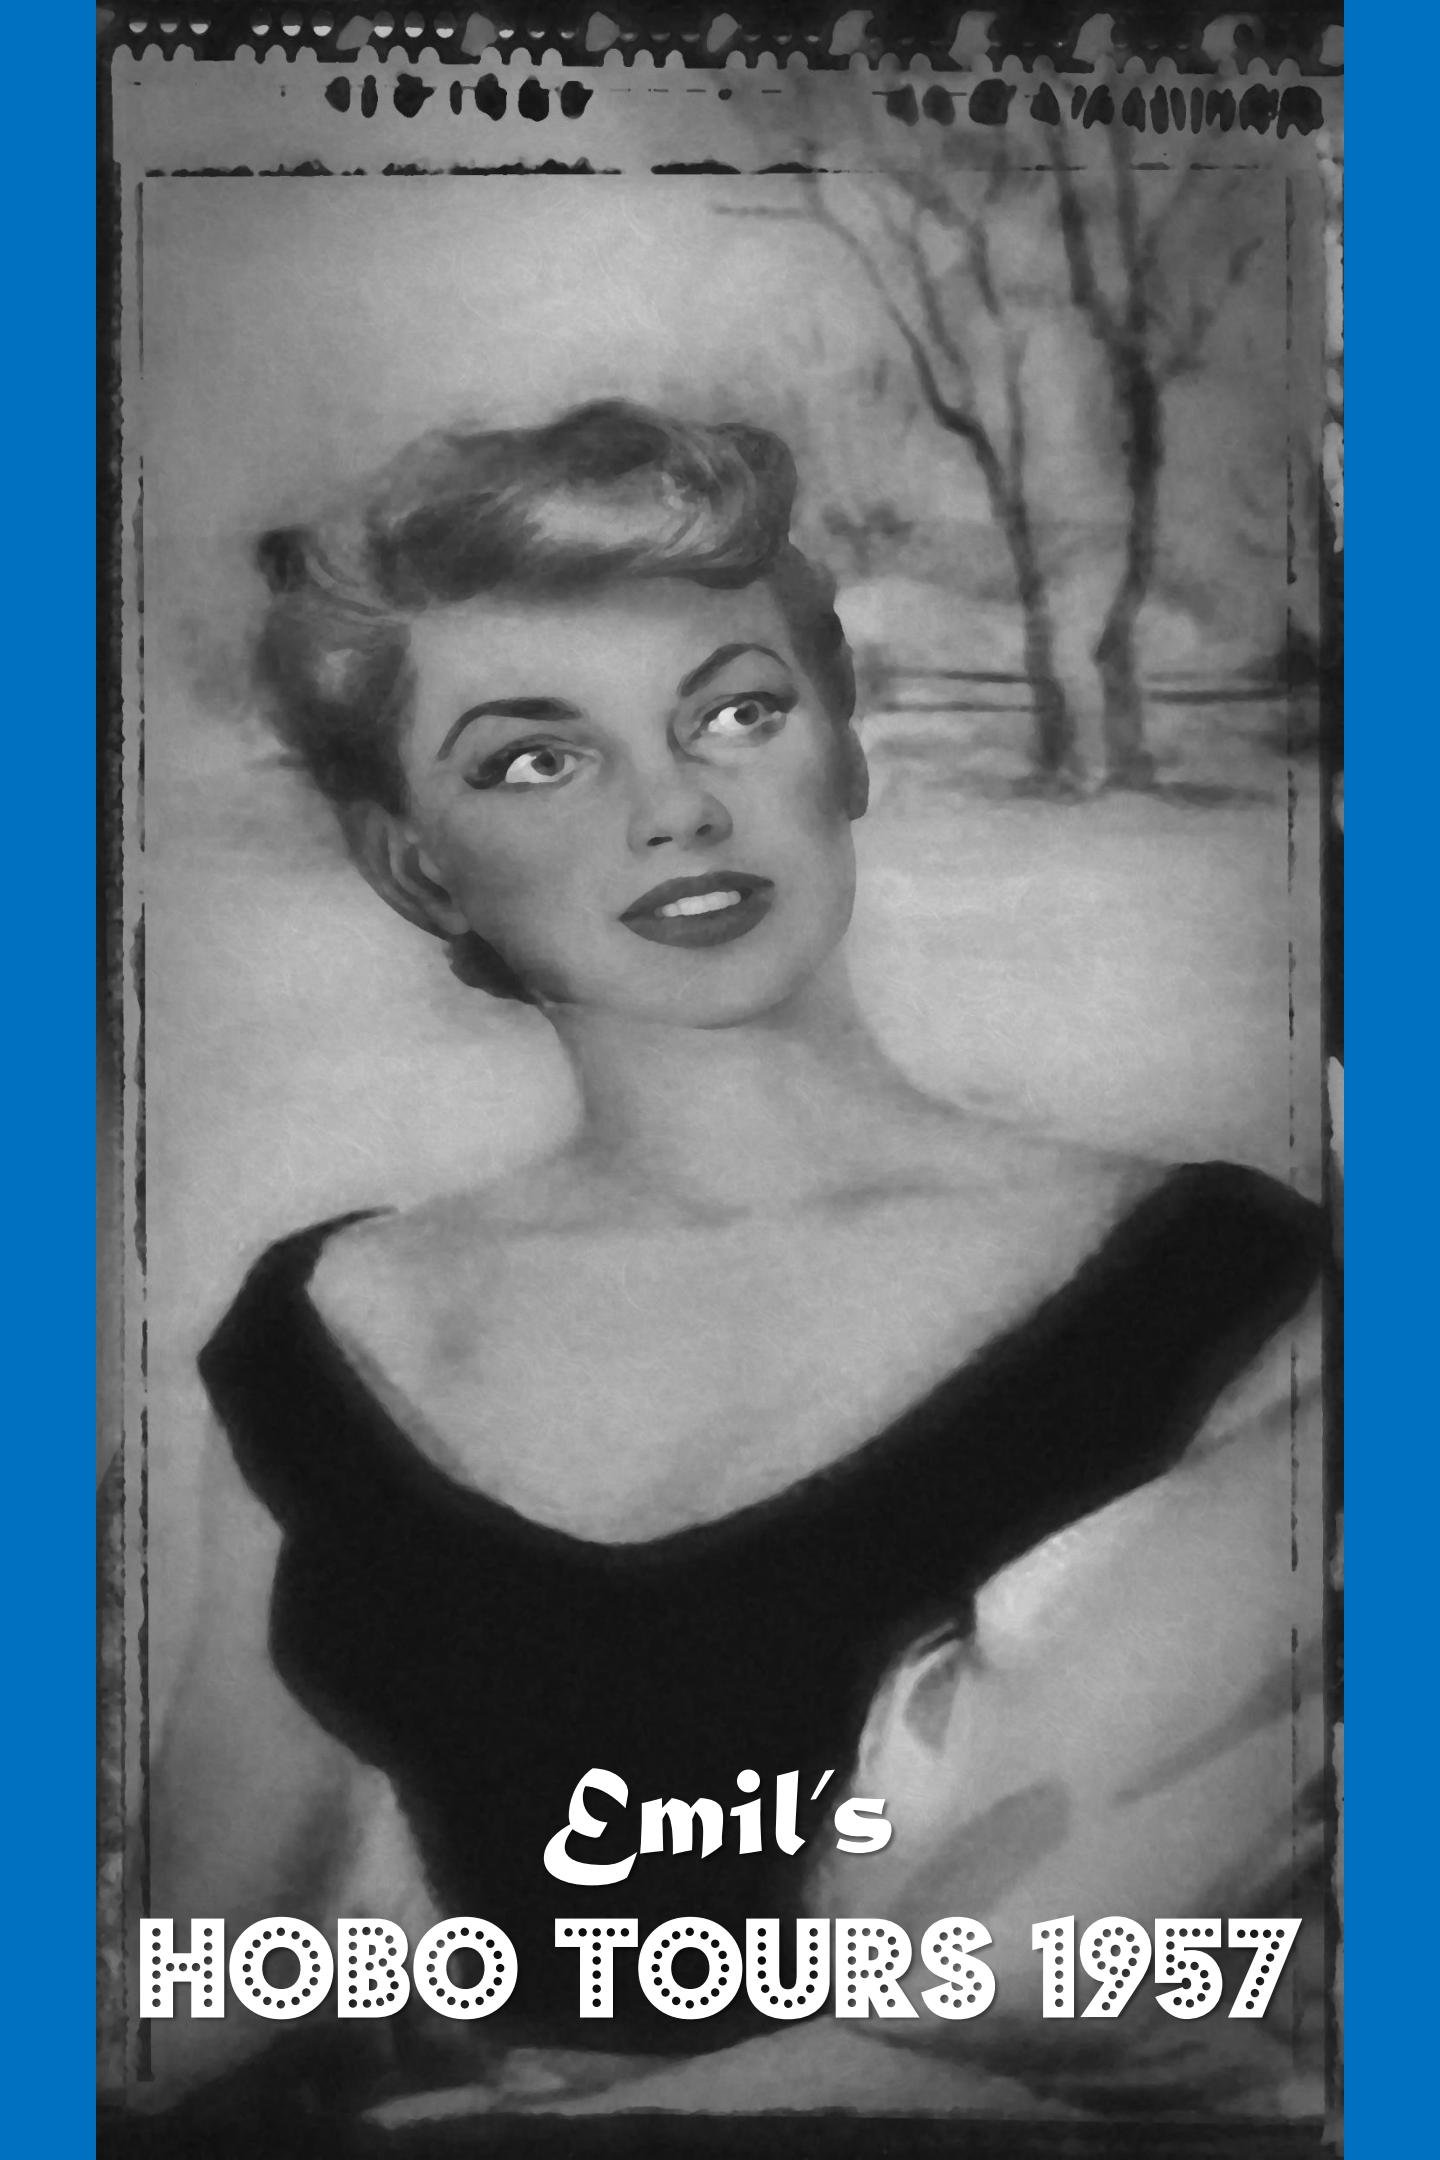

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

humanity in that it forced us to learn and adapt to a wide culture of travel, development of our nerve to explore and learn to successfully deal with very different cultures... This was the catalyst to our modern world culture.

While new technologies were going to allow us to

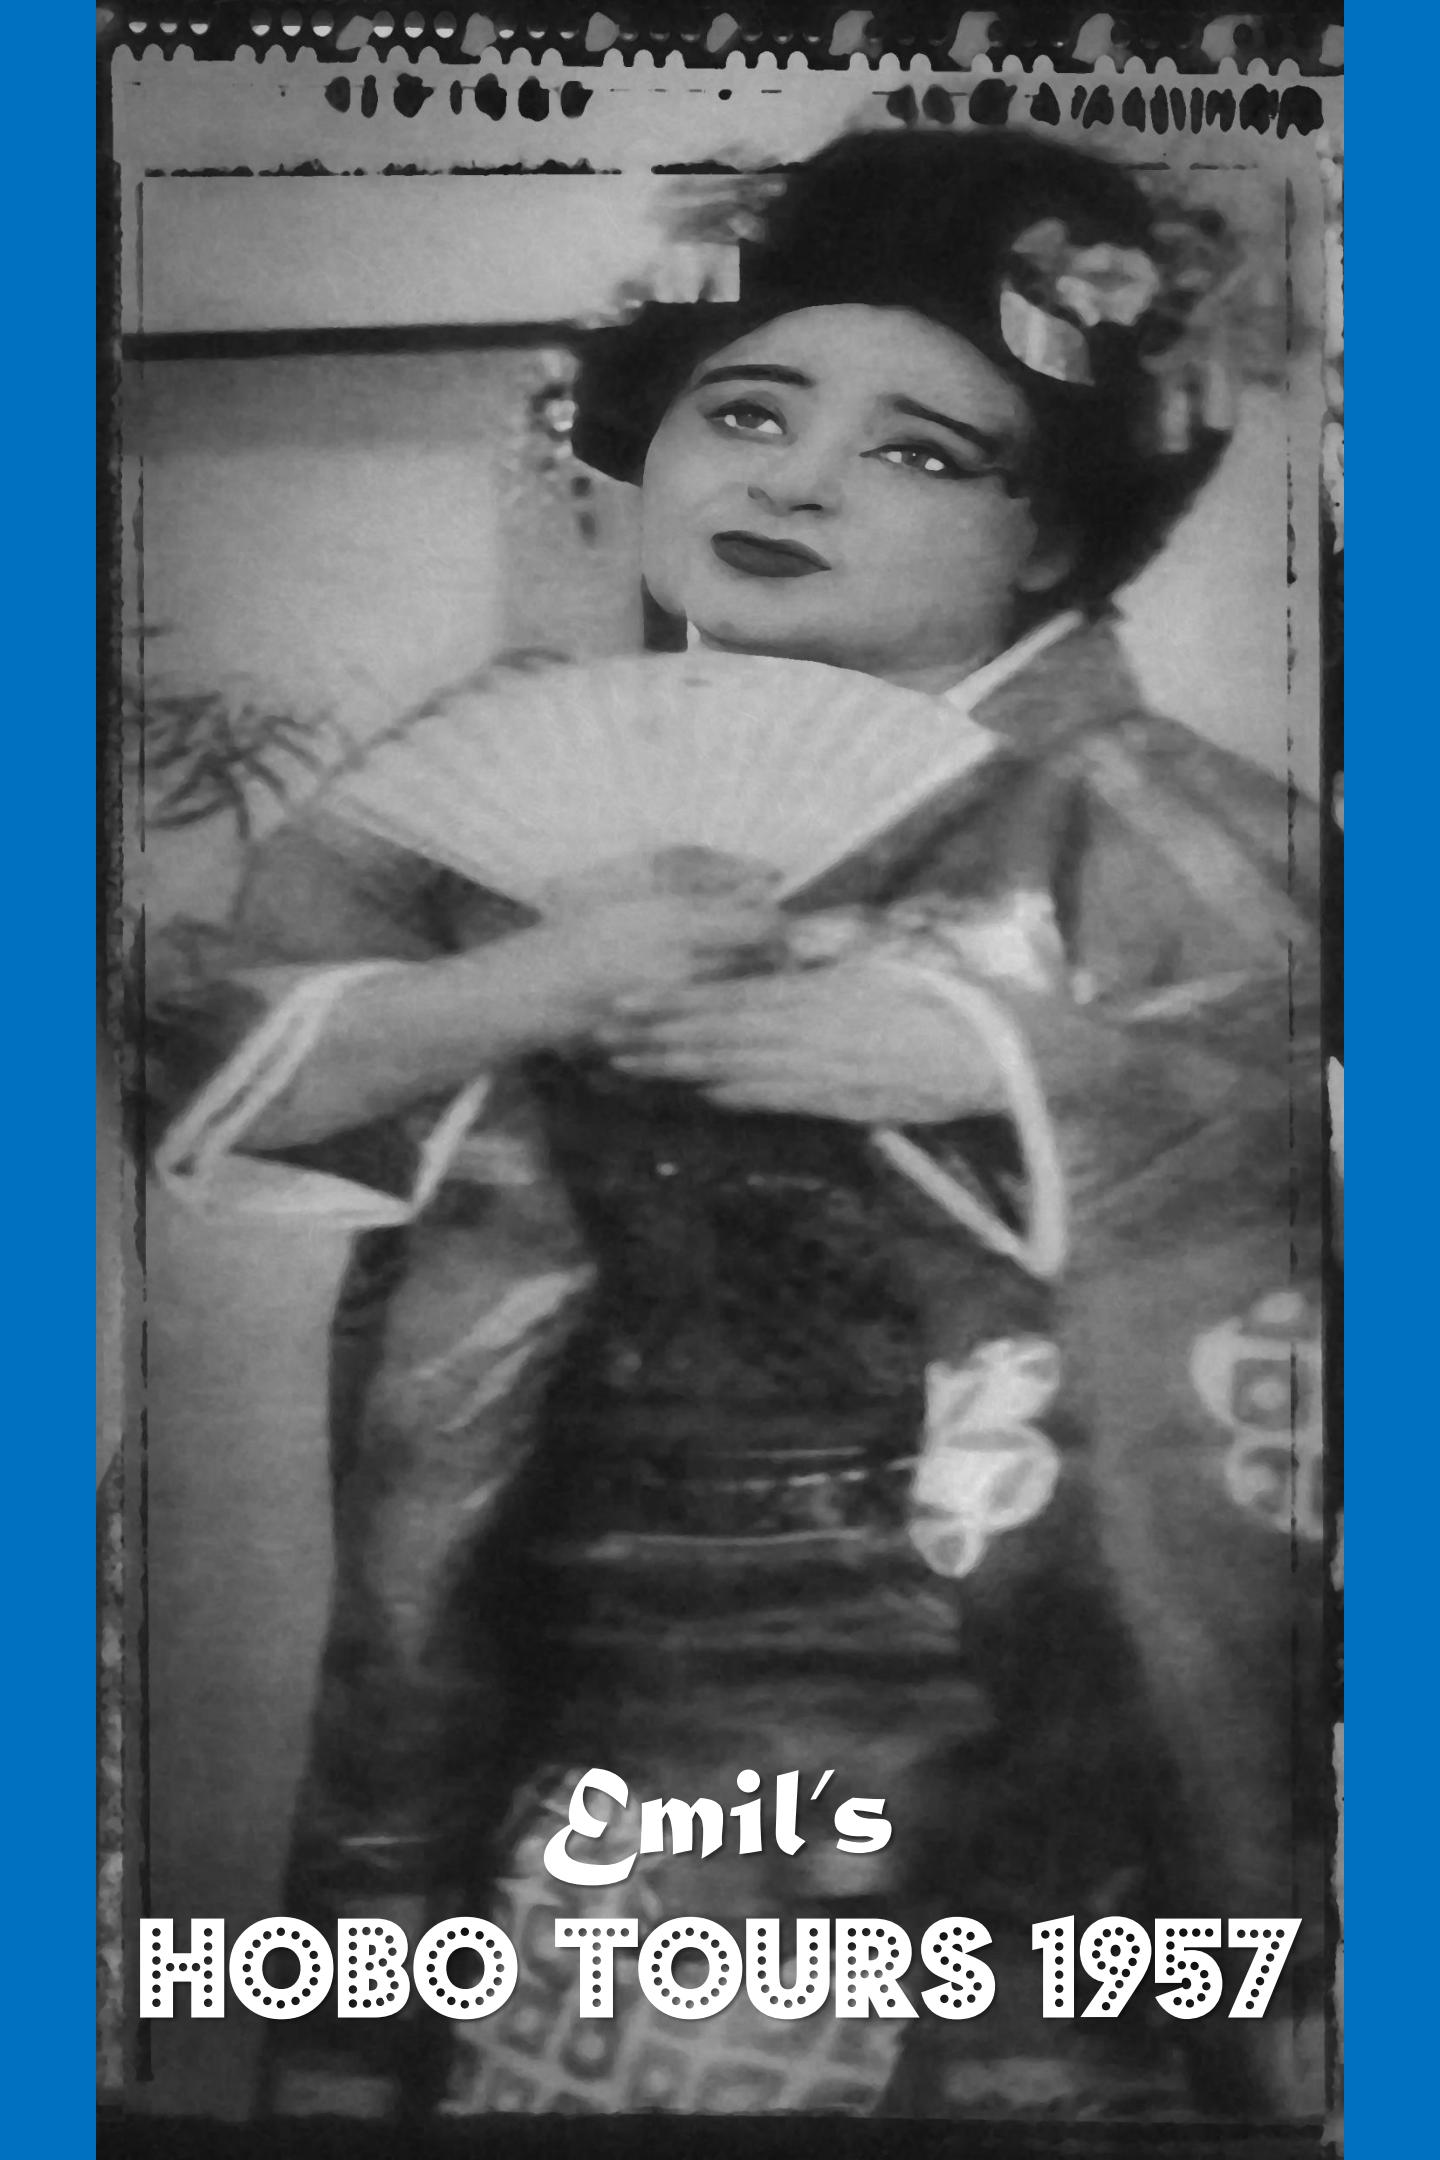

Emil's  
**HOBOTOURS 1957**

# HOBOTOURS 1957

access the world from the safety...the comfort of our home (cave) and within a generation we will revert back to 30,000 years due to the fact that with technologies, there will be no need to travel or understand culture(s).

In 1957, he lost his professorship due to such

Emil's

# HOBOTOURS 1957

crazy talk and badmouthing  
of the wonders of modern  
technology. They dismissed  
him as a evil Commie...a  
rather sick Marxist who  
should be made to go live  
in Communist China if he  
wanted to live the past...  
Maybe...In retrospect,  
we should have given him  
the chance to speak?
